brown patch
dollar spot
leaf spot
pink patch
red thread
stripe smut
copper spot
anthracnose

Suppresses the following turfgrass diseases:

Fusarium blight
necrotic ring spot
summer patch

KEY PRODUCT FACTS

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

How to Use

- Apply with a drop-type or rotary spreader. Do not apply by hand or hand-held rotary spreader. For best results with a rotary spreader, apply during a calm period of the day. If necessary to apply when a breeze is blowing, move in the direction of the wind to prevent material from blowing toward the operator.
- Allow one week between application of this and other control products. (This guideline may be relaxed where a severe disease attack requires immediate treatment.)
- Maximum number of applications is four per year.
- It is not necessary to water-in immediately. However, water is required before product will be activated.

When to Use

Prevention

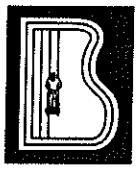
- Apply to dry or moist foliage at the PREVENTIVE RATE when disease activity is noted or suspected.
- Repeat at 2- to 3-week intervals. During periods of high day and night temperature and humidity, two week treatment interval may be needed to achieve best brown patch control.
- **For cure** of these diseases when symptoms indicate advanced stages, apply at the NORMAL RATE (CURATIVE) and follow with the PREVENTIVE RATE within 2-3 weeks.

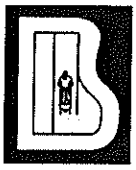
Suppressing turfgrass diseases

- Apply to dry foliage at the NORMAL RATE (CURATIVE) every 30 days (beginning in late spring to early summer).
- Water-in immediately after application and keep turf from becoming drought stressed by watering (1 inch) weekly.
- Three to four applications may be necessary for season-long suppression.

Spreading Tips

Apply header strips. Then apply product in longest direction of lawn.





For best results, use a Scotts spreader

Spreader Settings	PREVENTIVE RATE treats 7,400 sq. ft.	NORMAL RATE (CURATIVE) treats 3,700 sq. ft.	Directions
Scotts AccuGreen® Drop Spreaders	5 1/2	7 1/4	Mow lawn first; apply 2 header strips; apply longest direction of lawn, overlapping wheel marks.
Scotts PrecisionGreen® Drop Spreader	4 1/2	6	Mow lawn first; apply 2 header strips; apply longest direction of lawn, overlapping wheel marks.
Scotts SpeedyGreen® & EdgeGuard™ Rotary Spreaders	2 1/2	4	Make each pass about 5 feet from previous pass to overlap spread width.
Scotts EasyGreen® Rotary	25	26	Make each pass about 30 inches from previous pass to overlap spread width.

Additional Spreader Settings:

EZ Drop, Republic (#530)	6
EZ Broadcast, Republic (#540 or #545)	2
Scotts Broadcast Tractor Spreader	2

(Non-Scotts spreader settings are approximate. You may need to adjust for proper coverage.)

First Aid and Environmental Information

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION, Harmful if swallowed, absorbed through the skin or inhaled. Causes moderate eye irritation. Wash thoroughly with soap and water after handling. Avoid contact with skin, eyes or clothing. Avoid breathing dust or mist spray.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor, or going for treatment.

Storage and Disposal

STORAGE: Store in a clean, dry place. Reseal bag by folding top down and securing.
IF EMPTY: Do not reuse this container. Place in trash or offer for recycling if available.
IF PARTLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Environmental Hazards

This pesticide is toxic to catfish. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Drift or runoff from treated areas may be hazardous to catfish in adjacent areas. Do not contaminate water when disposing of equipment washwaters. Cover or incorporate spills.

Attention

This product contains a chemical known to the state of California to cause birth defects or other reproductive harm.
