Crabgrass Preventer with .375% Plus

APPLICATION DIRECTIONS

FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT CALL: 1-866-944-8565. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

GENERAL APPLICATION GUIDELINES:

SHELF LIFE:

If material is spilled: Contain and sweep up material of spill for disposal or use per label instructions. Wash cleanup equipment to prevent contamination elsewhere. Excess quantities above normal application rates could result in damages to plants subject to spill. Water in rain, drain, or slick with layers of soil or dirt exposed to sunlight, deemed appropriate to the situation.

STORAGE AND DISPOSAL:

This product is a selective preemergence herbicide that provides residual control of many grass and broadleaf weeds in:
- Established turf grasses (excluding golf course putting greens) and lawns
- Landscape ornamentals (including established perennials & wildflower plantings)
- Covers up to 16,390 square feet

For selective preemergence control of grass and broadleaf weeds in:
- Established turf grasses (excluding golf course putting greens) and lawns
- Landscape ornamentals (including established perennials & wildflower plantings)
- Covers up to 16,390 square feet

KEEP OUT OF REACH OF CHILDREN

CAUTION

See the following section, Precautionary Statements, Hazards To Humans and Domestic Animals, for additional information.

EPA REG. NO. 34704-776

EPA EST. NO. 84156-CAN-2 (Lot begins 2) EPA EST. NO. 41124-OH-1 (Lot begins O) EPA EST. No. 41124-WH-1 (Lot begins WH) EPA EST. No. 57131-WH-1 (Lot begins WH-1) EPA EST. No. 82757-KL-2 (Lot begins KL-2) EPA EST. No. 82757-FL-1 (Lot begins FL-1) NET WEIGHT 50 LBS. (22.68 KG)

FIRST AID

If In Eyes:
- Hold eye open and rinse slowly and gently with water for 15 to 20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, and continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

If on skin or clothing:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

If Inhaled:
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

If swallowed:
- Call a poison control center or doctor immediately for treatment advice.
- Have a person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is a selective preemergence herbicide that provides residual control of many grass and broadleaf weeds in:
- Established turf grasses (excluding golf course putting greens) and lawns
- Landscape ornamentals (including established perennials & wildflower plantings)

This product controls susceptible weeds by inhibiting weed seeds germination and root development. Most effective weed control will be obtained when this product is applied at least 0.5 inches of rainfall or irrigation, or within 2 weeks of the 0.5 inch application. Prior to weed seed germination and within 14 days following application.

Not for use on plants being grown (1) for sale or other commercial use, (2) for commercial weed production, or (3) for research purposes. For use on plants intended for aesthetic purposes or climatic modification and being grown in ornamental gardens or parks, or on golf courses or lawns and grounds.

Do not apply to golf course putting greens with this product.

APPLICATION DIRECTIONS

Apply uniformly with suitable, calibrated application equipment.
Creeping Bentgrass 175 0.65  
Creeping Red Fescue 200 0.75  
This product is a preemergence herbicide and will not control emerged weeds. Most effective weed control in ornamentals is in the second inch of soil, not thatch plus soil. Do not apply more than 400 lbs of this product per calendar year.

Use Rates of this product to achieve higher levels of fertility and longer periods of weed control for each turf type, but do not exceed the maximum application rates specified in the Maximum Annual Rates Table.

Weeds Controlled
When used in accordance with this label this product will provide control of the following weeds:

Barnyardgrass  
Bluegrass, Annual (Poa annua)  
Cheatgrass  
Chickweed, Common  
Chickweed, Mouseear (from seed)  
Crabgrass, Large (smooth)  
Cupgrass, Woolly  
Geesegrass  

Herbicides  
Triazines  
Sethoxydim  
Kochia  
Knollweed  
Lambquarter, Common  
Lambsquarters, Common  
Lovegrass  
Panicum (Tans, Fall, Brownst)  

Vinylpyridine  

In many areas a single application of 375 to 400 lbs/A of this product will control goosegrass. However, under heavy goosegrass pressure and/or an extended growing season, most effective weed control may be obtained by making an initial application of 175 to 267 lbs/A followed by 60 to 90 days by a sequential application at doses that would not exceed those given in the Maximum Annual Rate Table. Do not exceed the maximum rate for grass turf species listed in the Maximum Annual Rates Table above.

Applications for this weed should be made in late summer, fall or winter prior to germination.

Suppression only.

Sequential applications may be made so long as the total amount of product applied does not exceed the maximum annual application rates recommended for each turf species. All applications must be made prior to germination of the weed seeds.

When to apply after overseeding turf
Do not apply to overseeded turf within 60 days after seeding or until after the second mowing, whichever is longer. Injury to desirable seedlings is likely if this product is applied before seeding secondary roots are in the second inch of soil, not thatch plus soil.

When to Overseed After Application
This product will inhibit the germination of turf species if Overseed soon after application. Follow rates and sequence of applications in the table below for best overseeding/establishment results.

Best weed control is obtained when this product is applied to soil free of clover, weeds, and debris such as leaves. Prior to application of this product, control existing vegetation by hand weeding, cultivation, or the use of an appropriate preemergence herbicide.

Established Landscape Ornamentals
This product may be applied to established ornamentals as a broadcast, over the top or directed application. Irrigation or rainfall soon after application will wash residues off plant foliage and activate this product in the soil.

Newly Transplanted Landscape Ornamentals
This product may be applied to newly transplanted ornamentals as a broadcast, over the top or directed application. Delay application to allow soil to settle around new transplants and water thoroughly before applying this product. Apply this product after cutting form roots and become established. Apply before huddling/grafting or after buds/grafts have taken to avoid any inhibition of the tissue union.

Tolerant Ornamental Species
This product will not harm most trees, shrubs, vines and flowers. Best results will be obtained when this product is uniformly applied to the soil surface; avoid applying to ornamental shoots which may defeat the effort to get uniform distribution on the soil surface. This product may be applied over the top of plants. When plants are under stress (such as heat, drought, or frost damage) some cultivars of plants may be sensitive to this product.

Do not use in pop production trees, vines, or plants. Not for use on container grown plants.

CONDITIONS OF SALE AND LIMITATION OF LIABILITY

BEFORE BUYING OR USING THIS PRODUCT, read the entire Directions for Use and the following Conditions of Sale and Limitation of Responsibility for all risks inherent in using this product. By buying or using this product, the buyer or user accepts the Conditions of Sale and Limitation of Warranty and Liability, which no employee or agent of LOVELAND PRODUCTS, INC. or the seller is authorized to vary in any way.

Follow the Directions for Use of this product carefully. It is impossible to eliminate all risks inherent associated with the use of this product. Crop or other plant injury, ineffectiveness, or other uninvited consequences may result from such risks as weather or crop conditions, mixture with chemicals not specifically identified in this product’s label, or use of this product contrary to the label instructions, all of which are beyond the control of LOVELAND PRODUCTS, INC. and the seller. The buyer or user of this product assumes all such inherent risks.

Subject to the foregoing inherent risks, LOVELAND PRODUCTS, INC. warrants that this product conforms to specification as follows: it is free of any objectionable impurities and contains only the ingredients described on the label and in reasonable quality for the purpose stated in the Directions for Use. LOVELAND PRODUCTS, INC. accepts no responsibility for the use when the product is used in strict accordance with such Directions for Use under normal conditions of use. If the buyer or user believes that LOVELAND PRODUCTS, INC. has breached a warranty, that buyer or user must send a written notice of such claim to the following address:

LOVELAND PRODUCTS, INC., ATTENTION: LAW DEPARTMENT, P.O. BOX 1286, GREELEY, CO 80632-1286.

IN THE UNLIKELY EVENT THAT BUYER OR USER BELIEVES THAT LOVELAND PRODUCTS, INC. HAS BREACHED A WARRANTY, THAT BUYER OR USER MUST SEND WRITTEN NOTICE OF SUCH CLAIM TO THE FOLLOWING ADDRESS:

LOVELAND PRODUCTS, INC., ATTENTION: LAW DEPARTMENT, P.O. BOX 1286, GREELEY, CO 80632-1286.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE BUYER’ S OR USER’ S EXCLUSIVE REMEDY FOR ANY INJURY, LOSS, OR DAMAGE RESULTING FROM THE HANDLING, USE, OR SALE OF THIS PRODUCT, INCLUDING BUT NOT LIMITED TO CLAIMS FOR BREACH OF CONTRACT, NEGLIGENCE, BREECH OF WARRANTY, STRICT LIABILITY, or OTHER TORTS, SHALL BE LIMITED TO ONE OF THE FOLLOWING, AT THE ELECTION OF LOVELAND PRODUCTS, INC. OR THE SELLER: DIRECT DAMAGES NOT EXCEEDING THE PURCHASE PRICE OF THE PRODUCT REPLACED OR REFUNDED, TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, LOVELAND PRODUCTS, INC. OR THE SELLER SHALL NOT BE LIABLE TO THE BUYER OR USERS OF THIS PRODUCT FOR ANY CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGES, OR DAMAGES IN THE NATURE OF A PENALTY.
