VigorOx® SP-15 Antimicrobial Agent

VigorOx® SP-15 Antimicrobial Agent is an effective sanitizer against microorganisms:

- Escherichia coli
- Listeria monocytogenes
- Salmonella typhimurium

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

VigorOx® SP-15 Antimicrobial Agent may be used to:
- Sanitize non-porous food contact surfaces
- Disinfect hot or cold water systems
- Sanitize cold process water systems
- Disinfect and sanitize cooling water systems
- Sterilize both porous and non-porous surfaces

Active Ingredients:
- Peroxyacetic Acid 19-26%
- Hydrogen Peroxide 0-1%

Total: 100%

Precautionary Statements:

- Avoid contact with eyes and mouth.
- Use a coarse spray, mop/wipe or flood technique to apply the solution to the surface for a contact time of one minute or more.

Dilution Schedules:

- VigorOx® SP-15 Antimicrobial Agent may be used to:
  - Sanitize non-porous food contact surfaces
  - Disinfect hot or cold water systems
  - Sanitize cold process water systems
  - Disinfect and sanitize cooling water systems
  - Sterilize both porous and non-porous surfaces

Usage Precautions:

- VigorOx® SP-15 Antimicrobial Agent may be used as a coarse spray, mop/wipe or flood to wet all surfaces thoroughly. Solution must remain in contact with surface for 6 hours. Reapply solution to surfaces as necessary to maintain effective concentration.

Material Hazards:

- Peroxyacetic Acid: Hazardous to eyes, skin, respiratory system.
- Hydrogen Peroxide: Hazardous to eyes, skin, respiratory system.

STORAGE AND DISPOSAL:

- Store in a cool, dry place.
- Keep container closed and in its original packaging.
- Do not store or transport on wooden pallets.

FIRST AID:

- Have the product container or label with you when calling a poison control center or doctor or going for treatment.

If on skin:

- Rinse with plenty of water for at least 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.

If in eyes:

- Rinse eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.

If swallowed:

- Do not induce vomiting unless instructed to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Note to Physician:

- Severe mucous membrane damage may cause the use of carbohydrate.

DO NOT STORE OR TRANSPORT ON WOODEN PALLETs

PC-1034 2 Vigorox SP-15 Antimicrobial Agent 20200624_2_65402.pdf

VigorOx® SP-15 Antimicrobial Agent is an effective sanitizer against non-pathogenic spoilage organisms, membranes but which does not ordinarily penetrate the blood barrier or otherwise enter the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes.

First Aid:

- Have the product container or label with you when calling a poison control center or doctor or going for treatment.

If on skin:

- Rinse with plenty of water for at least 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for further treatment.

If in eyes:

- Rinse eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for further treatment.

If swallowed:

- Do not induce vomiting unless instructed to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Note to Physician:

- Severe mucous membrane damage may cause the use of carbohydrate.

Side Effects:

- VigorOx® SP-15 Antimicrobial Agent is an effective disinfectant against non-pathogenic spoilage organisms, membranes but which does not ordinarily penetrate the blood barrier or otherwise enter the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes.
