This concentrated formula of Peppermint Oil and Eugenol (from Clove plants) treats up to 4,500 sq. ft. For over 30 years, Vet's Best® has blended plant-based ingredients that work together to comfort and protect your pet.

CAN BE USED AROUND DOGS AND CATS 12 WEEKS OR OLDER. DO NOT APPLY DIRECTLY ON ANIMALS.

DIRECTIONS FOR USE: READ ENTIRE LABEL BEFORE EACH USE AND USE ONLY IN ACCORDANCE WITH LABEL INSTRUCTIONS. FOR OUTDOOR USE ONLY.

Make sure sprayer dial is in the OFF position before connecting the sprayer to the hose attachment. Turn the sprayer to the ON position by bending the lock tab and turning the dial clockwise. Turn the water on slowly on low to medium pressure for a steady stream. Spray thoroughly from side to side to evenly distribute over target area. To turn sprayer OFF, bend the lock tab and turn the dial counterclockwise. When finished, turn the water off. Before removing the hose, relieve the pressure from the bottle by turning the dial back to ON position until water drains. Dial should be in OFF position when product is not in use. **RECOMMENDATIONS:** Prior to use, keep vegetation as short as possible and remove yard debris that can harbor pests such as leaves and branches. Allow treatment to air dry for approximately 20-30 minutes, or until dry, prior to allowing pets to enter the treated area. Do not rinse. Reapply as necessary, especially after rainfall or severe infestations. This product is not known to be harmful to trees, shrubs, bees or flowers. For current infestations, treat your home and pet at the same time using other Vet's Best Flea+Tick products.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

HUMANS: Causes moderate eye irritation. Wash hands thoroughly with soap and water after use. Prolonged or frequent repeated skin contact may cause allergic reaction in some individuals. For external use only. **DOMESTIC ANIMALS:** Sensitivity may occur after use of any product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs of sensitivity continue consult a veterinarian immediately. Not recommended for use around pregnant or nursing animals. For external use only. Not for aquatic use. **FIRST AID: IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. If irritation persists, contact a physician. **IF ON SKIN:** Wash with soap and water and repeat if necessary. **INHALATION:** Remove to fresh air. **INGESTION:** Immediately drink plenty of water. Do not induce vomiting. If symptoms persist, contact a physician. **Storage:** Store only in original container in a cool, dry area. **Disposal:** In accordance with all Federal, State and Local regulations. Do not reuse this container.
