NET CONTENTS 5 fl oz (148mL)
**DIRECTIONS FOR USE**

**BEFORE YOU USE**
Shake well before using.

**WHERE TO USE**
Use to selectively control/suppress broadleaf weeds growing in lawns.

**HOW TO USE**
- Mix 5 fl. oz. of Bayer Advanced Natria Lawn Weed Control Concentrate into 1 gallon of water.
- Apply the mixed solution at a rate of 0.5 - 1 gallon/100 sq. ft.
- Any standard hand-held or backpack sprayer can be used.
- Thoroughly spray weeds. Use a coarse nozzle setting to reduce drift. Uniform coverage is important.

**WHAT WILL I SEE?**
- Works quickly; dying weeds will be seen within hours of application. Treated weeds or moss will turn brown or black. Occasionally a darkening of the grass leaf blades can occur after treatment; however, the grass will recover within a few days to weeks. May stain thatch (dead grass under lawn); this does not affect the health of the grass.

**PESTS (WEEDS & MOSS)**
- Controls the following weeds: Dandelion, English daisy, and Moss.
- Suppresses the following weeds: Broadleaf plantain, Narrow-leaved plantain, White Clover, Creeping buttercup and Slender speedwell.

**USE PRECAUTIONS**
- Do not apply to drought stressed grass. Ensure that lawn is well watered prior to application.
- Do not apply when the daytime temperature will exceed 85°F.
- Do not apply to bentgrass. If unsure of grass sensitivity, test spray a small area of your lawn.
- Do not apply to newly seeded areas prior to grass seed germination.
- Avoid spraying desirable plants. Any desirable plants or structures accidentally contacted should be rinsed with water.
- To avoid staining, wait until treated area dries before re-entry.
- Do not apply if rainfall is expected within 3 hours of application. Do not irrigate within 3 hours of application.
- Do not apply to the same area more than 4 times a year.

**STORAGE AND DISPOSAL**

**STORAGE**
Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals. Store unused material tightly closed, in original container only, away from open flame.

**DISPOSAL**
If Empty: Nonrefillable. Do not reuse or refill this container. Place in trash or offer for recycling if available.
If Partly Filled: Call your local solid waste agency or call 1-877-229-3724 for disposal instructions. Never place unused product down any indoor or outdoor drain.
