NET WEIGHT: 15 OZ

CAUTION: Contents Under Pressure.

MOSQUITO BAIT & KILL

Foliage & Surface Spray

Safe, non-toxic formula kills adult mosquitoes and stops the breeding cycle.

DIRECTIONS FOR USE:

Read entire label before use.

Shake Well Before Each Use

For outdoor use. Do not apply to blooming or budding flowers, flowering plants, fruit bearing plants or trees, or in direct proximity to beehives. Mosquitoes must ingest the Bait & Kill spray. Apply to non-flowering foliage and non-porous surfaces such as stained or painted wood, plastic, & metal. Not for use on porous materials and surfaces such as brick, untreated wood, concrete, fabric, or soil. Before treating any surface, spot test a small area to ensure the product does not stain and/or is not absorbed into that surface. Do not apply when raining or if rain is forecasted within 24 hours. Heavy or sustained rainfall after application reduces efficacy and may require reapplication. Avoid hand or automatic irrigation of treated surfaces for minimum of 24 hours after application. Spray when air is calm. Point sprayer away from face. Hold can approximately 6 to 12 inches from surface to be sprayed.

IMPORTANT: Spray tops and bottoms of leaves to thoroughly and uniformly wet. Reapply every 4 weeks or more frequently for desired level of mosquito control based on weather conditions & local mosquito activity. Target surfaces should make up a minimum of 5% of the property land area.

For Areas Of The Yard That Have Continuous Vegetation: Spray in an uninterrupted band measuring about 1.5 ft. high between 1 and 5 ft. above the ground. Spray the underneath and the tops of leaves to thoroughly and uniformly wet.

For Areas Of The Yard With Intermittent And/or Non-porous Surfaces: Spray on foliage, spraying both the underneath and tops of leaves, and/or non-porous surfaces (ideally at least 1 ft. off ground) to a spot approximately 1 sq. yard (3' x 3') to thoroughly and uniformly wet. Repeat spot applications approximately every 10 ft. to foliage and/or non-porous surfaces on the property, including along the perimeter of the yard.

PRECAUTIONARY STATEMENTS:

CAUTION: Keep Out of Reach of Children. This product contains an essential oil. In sensitive individuals it may cause skin irritation. Avoid contact with skin, eyes or clothing. Wash hands with soap and water after handling. **FIRST AID:** If concentrate gets in eyes, flush eyes with water. If on skin, wash area with soap and water. If any complications occur, contact a doctor. Upon application, product has a garlic scent that typically dissipates within 1 to 2 hours. If allergic to garlic, do not apply product and stay out

of treated areas. **PHYSICAL HAZARDS:** Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 120 F may cause bursting. **STORAGE & DISPOSAL:** Store in a cool, dry place away from children and pets.

Non-refillable. Place in trash or offer for recycling if available. **ENVIRONMENTAL HAZARDS:** Do not apply to blooming or budding flowers, flowering plants, fruit bearing plants or trees, or in direct proximity to beehives.

This product has not been registered by the U.S. EPA. Universal Pest Solutions, LP represents that this product qualifies for exemption from registration under FIFRA.
