Kills Cockroaches, Ants*, Carpenter Ants, Crickets, Spiders, Firebrats, Silverfish, Fleas and Scorpions.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For indoor residential use only.

Use Restrictions
• This product must be used indoors in residential areas only.
• Do not use this product in conduits, motor housings, junction boxes, switch boxes or other electrical equipment because of possible shock hazard.
• During any indoor surface application, do not allow dripping or runoff to occur.
• During any application to ceilings of a structure, cover surface below with plastic shielding or similar material.
• Do not use as a space spray.
• Use only in well-ventilated areas.
• Do not use in greenhouses where plants are grown for food.

HOW TO USE
1. Shake well before each use.
2. Spray insects to kill on contact.
3. For long-lasting control, treat areas where insects are commonly found. Spray surfaces until wet, moving the spray rapidly to prevent excessive wetting and waste of product. Allow surfaces to remain wet for five minutes.
4. When treating for ants*, spray around door and window frames. Also treat other entry points and trails.

NOTE: Point spray away from people, pets and plants. Do not allow people or pets to contact treated surfaces until spray has dried.

Use Green Thumb® Roach, Ant & Spider Killer3 as a spot treatment indoors only
• Along and behind baseboards
• Around and beneath appliances
• Beneath and behind sinks

Other areas where insects are often found
• In cracks and crevices
• In dark corners of rooms, cabinets and closets
• Around pipes and plumbing
• Around waste containers

STORAGE AND DISPOSAL
Store in cool, dry area away from heat or open flame. Do Not Puncture or Incinerate!

If empty:
Place in trash or offer for recycling if available.
If partly filled:
Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION. Users should wash hands with plenty of soap and water before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Have the product container with you when calling a Poison Control Center or doctor, or going for treatment.

Physical and Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130º F may cause bursting.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
