KS-256 P

Disinfectant, Cleaner, Fungicide, Virucide*, Deodorizer For use in: Food Establishments, Commercial, Industrial Sites, Equine, Poultry/Turkey Farm and Veterinary Clinics.

ACTIVE INGREDIENTS:

Dicyclo Dimethyl Ammonium Chloride 10.14%

Alky (40% C12 50% C14 10% C16) 4.3%

Dimethyl Ethyldimethyl Ammonium Chloride 6.70%

OTHER INGREDIENTS: 85.16%

TOTAL: 100.00%

KEEP OUT OF REACH OF CHILDREN

DANGER PELIGRO

See left panel for additional precautionary statements.

EPA REG. NO.: 10324-141-10428 EPA EST. NO.: 15429-WA-3

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Before using this product food products and packaging materials must be removed from the room or carefully protected.

FOR USE AS A GENERAL DISINFECTANT, FUNGICIDE, CLEANER:

1. Pre-clean heavily soiled areas.

2. Apply use solution of 0.5 oz. of this product per gal. of water (or equivalent use dilution) to disinfect hard, non-porous surfaces with a sponge, brush, cloth, mop, by immersion, auto scrubber, mechanical spray device, hand pump, coarse pump or trigger spray device. For spray applications, spray 6-8 inches from surface. Do not breathe spray.

3. Treated surfaces must remain wet for 10 minutes.

4. Wipe dry with a clean cloth or allow to air dry.

5. Prepare a fresh solution daily or when visibly dirty.

TO CONTROL MOLD/MILDEW: To Control Mold and Mildew Aspergillus niger and the odors caused by them when applied to hard, non-porous surfaces. Pre-clean heavily soiled areas. Prepare use solution by adding 0.5 oz. of this product per gal. of water (or equivalent use dilution). Apply use solution to hard, non-porous surfaces for 10 minutes which will effectively inhibit the growth of mold and mildew and their odors. Repeat treatment every seven days, or more often if growth reappears.

ANIMAL PREMISES

Prior to use of this product, remove all animals and feeds from areas to be treated, animal transportation vehicles, and enclosures. Remove all litter, droppings and manure from floors, walls, and other surfaces of pens, stalls, chutes and other surfaces of facilities and fixtures occupied or traversed by poultry or other animals. Empty all troughs, racks and other feeding and watering equipment. Thoroughly clean surfaces with soap or detergent and rinse with water.

FOR USE AS AN ANIMAL PREMISE DISINFECTANT/VIRUCIDE*: Prepare a use solution of 0.5 oz. of this product per gal. of water (660 ppm) for effectiveness against designated animal viruses on the label.

FOR USE AS AN ANIMAL PREMISE DISINFECTANT/VIRUCIDE**: Prepare a use solution of 2.0 oz. of this product per gal. of water (1320 ppm) for effectiveness against designated animal viruses on the label.

APPLY USE solution to hard, non-porous surfaces with a brush, cloth, by immersion, mechanical spray device, hand pump, coarse pump or trigger spray device. Immerse all hangers and other types of equipment used in handling and restraining animals, as well as forks, shovels, and scorpas used for removing litter and manure in the use solution. For spray applications, apply 6-8 inches from surface. Do not breathe spray. Treated surfaces must remain wet for 10 minutes. Ventilate buildings, coops and other closed spaces. Do not house animals or employ equipment until treatment has been absorbed, set or dried. Thoroughly scrub all treated feed racks, troughs, automatic feeders, fountains and waterers and other treated equipment which can contact food or water with soap or detergent, and rinse with potable water before reuse.

GENERAL DEODORIZATION: To deodorize, apply 0.5 to 1.0 oz. of this product per gal. of water to non-porous surfaces. Allow to dry.

storage and disposal

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store only in original container. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

PESTICIDE DISPOSAL: Pesticide wastes are subject to hazardous. Improper disposal of excess pesticide, spray mixture or rinse is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING: Non-Refillable Container. Do not re use or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Fill the container 1/4 full with water and recup. Shake for 10 seconds. Drain for 10 seconds after the flow begins to drip. Follow Pesticide Disposal Instructions for rinse disposal. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER.** Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed or absorbed through the skin. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, aquatic invertebrates, oysters and shrimp. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without notifying the permitting authority. For guidance contact your state Water Board or Regional Office of the EPA.

This product can be used on washable hard, non-porous surfaces such as: Veterinary clinics, animal life science laboratories, animal laboratories, animal research centers, animal quarantine areas, animal holding areas, equine farms, dog and cat animal kennels, breeding establishments, animal husbandry establishments, grooming establishments, pet animal quarters, animal housing facilities, zoos, back shops, pet shops, and other animal care facilities.

This product has passed the Virucidal efficacy of a Disinfectant for Use on Inanimate Environmental Surfaces Utilizing Canine Coronavirus. This product is effective against Canine Parvovirus.

**DISINFECTION PERFORMANCE IN INSTITUTIONS AND NON-MEDICAL FACILITIES:** This product kills the following bacteria in 10 minutes at 0.5 oz. per gallon of water (660 ppm active) and 5% soil on hard, non-porous surfaces: Salmonella enteritidis, Staphylococcus aureus. **ANIMAL PREMISE VIRUCIDAL PERFORMANCE:** This product kills the following viruses in 10 minutes at 0.5 oz. per gallon of water (660 ppm active) and 5% soil on hard, non-porous surfaces: Avian Influenza A Virus H5N1, Avian Influenza A Virus H3N2, Canine Coronavirus, Canine Distemper Virus, Feline Parvovirus, Infectious Bovine Rhinotracheitis Virus, Pseudorabies Virus, Swine Influenza A Virus H1N1, Transmissible Gastroenteritis Virus. This product kills the following viruses in 10 minutes at 2.0 oz. per gallon of water (1320 ppm active) and 5% soil on hard, non-porous surfaces: Candida albicans, Trichophyton mentagrophytes Athlete's foot fungus - a cause of Ringworm.

**KEEP OUT OF REACH OF CHILDREN DANGER PELIGRO**

See left panel for additional precautionary statements.

**FIRST AID**

In case of emergency, call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 10-15 minutes. Do not use soap and water. After removing contaminated clothing, wash clothing with soap and water. Do not wash the clothing with household laundry. Dampen clothing with plenty of water before disposing of unwanted clothing.

**IF SWALLOWED:** Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor immediately for treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, give artificial respiration, preferably mouth-to-mouth, if possible.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

**ACTIVE INGREDIENTS:**

- Dichlofop Dimethyl Ammonium Chloride ........................................ 10.14%
- Alkyl (40% C12 50% C14 10% C16) Dimethyl Ethylbenzene Ammonium Chloride .................. 6.76%

**OTHER INGREDIENTS:**

- 83.10%

**TOTAL:** 100.00%

**DIRECTIONS FOR USE**

**FOR USE AS A GENERAL DISINFECTANT, FUNGICIDE, CLEANER:**

1. Pre-clean heavily soiled areas.
2. Apply use solution of 0.5 oz. of this product per gal. of water (or equivalent use dilution) to disinfect hard, non-porous surfaces with a sponge, brush, cloth, mop, by immersion, auto scrubber, mechanical spray device, hand pump, coarse or trigger spray device. For spray applications, spray 6-8 inches from surface. Do not breathe spray. Do not allow this product to contact water, water systems or effluent containing this product into sewers without notifying the permitting authority. For guidance contact your state Water Board or Regional Office of the EPA.

**FOR USE AS AN ANIMAL PREMISE DISINFECTANT/VIRUCIDE:**

Prepare a use solution of 2.0 oz. per gal. of water (1200 ppm) for effectiveness against designated animal viruses on the label. For use on animals and their premises.

**FOR USE AS AN ANIMAL PREMISE DISINFECTANT/VIRUCIDE:**

Prepare a use solution of 2.0 oz. per gal. of water (1200 ppm) for effectiveness against designated animal viruses on the label. For use on animals and their premises.

**ANIMAL PREMISES**

Prior to use of this product, remove all animals and feeds from areas to be treated, animal transportation vehicles, and enclosures. Remove all litter, droppings and manure from floors, walls and surfaces of barns, pens, stalls, chutes and other surfaces of facilities and fixtures occupied or traversed by poultry or other animals. Empty all brooders, troughs and other feeding and watering appliances. Thoroughly clean surfaces with soap or detergent and rinse with water.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Store only in original container. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representatives at the nearest EPA Regional Office for guidance.

**CONTAINER HANDLING:**

Non-Refillable Container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Fill the container 5/8 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip back and forth several times. Turn the container over onto its other end and tip back and forth several times. Follow Pesticide Disposal Instructions for rinse disposal. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill or by incineration.

Refillable Container. Refill container; refill this container with this product only. Do not reuse this container for any other purpose. Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller. To clean the container before final disposal: empty the remaining contents from this container into application equipment or a mix tank. Fill container with 10 percent percent full with water. Add agitation or recirculating water. Add the pump for 2 minutes. Pour or pump rinsate into application equipment or rinse collection system. Repeat this rinsing procedure two more times.
