ALL NATURAL

CONCENTRATE

MITES + MOLD
PREVENTION *and* TREATMENT

This product is intended for the prevention and treatment of Spider Mites and Powdery Mildew on all plants including food crops. In Oregon this product is intended for use on indoor and outdoor plants but not for use on food or feed crops.

Directions For Use

Mix 1 part Concentrate with 4 parts water. Allow foliage to dry in darkness. For complete instructions see our website.

PREVENTION

Shake well and frequently. Spray a fine mist to cover all plant tissue. Allow foliage to air dry in still air. Apply weekly or more frequently if poor conditions persist.

TREATMENT

Shake well and frequently. Spray a fine mist onto area(s) affected but also to cover all plant tissue. Spray to run off. Allow foliage to air dry in still air. Repeat every second day until free of pests.

Store in a cool, dry place.
Do not reuse container.
Dispose in trash or recycle.
