Iron Phosphide	1.0%
OTHER INGREDIENTS	97.0%
TOTAL	100.0%

NET CONTENTS 18 FL OZ (532 ml)

SLUG & SNAIL  
EASY KILL GEL

**Environmental Hazards:**

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**HOW TO APPLY:** Apply 1/2 inch diameter (dime sized) drops near the base of plants or apply a line (1/4 inch width) as a circle-around plants to be protected. Do not apply directly to plant foliage. Reapply as the bait is consumed or as needed. Protects plants for up to 2 weeks. Apply 1/4 inch drops 1 to 2 inches apart around plants to be protected.

**WHEN TO APPLY:** Apply this product when first signs of slug damage appear. For best results, apply in the evening, as slugs and snails travel and feed mostly by night or early morning.

**WHERE TO APPLY:** Treat areas of infestation, especially around the base of plants, between rows and around the perimeter of garden plots as a continuous line or line of drops to provide a 'barrier' against slugs and snails entering the plot. Slugs/snails favor damp places around vegetable plants such as beans, tomatoes, lettuce, cabbage, celery and squash. Other favorite areas are flower gardens, rockeries, hedges, dichondra lawns, citrus groves, ivy patches, and other ground cover where they obtain shelter by day.

For use around vegetables, nut trees, fruits including citrus, berries, herbs, outdoor ornamentals, residential greenhouses and lawns.

**STORAGE AND DISPOSAL:** Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals.

**CONTAINER DISPOSAL:** Nonrefillable container. If empty: Do not reuse or refill this container. Offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**The CORRY'S Guarantee:** If for any reason you are not satisfied with this product, mail us proof of purchase to obtain a full refund of your purchase price.

Unique, patented formula. Attractants draw in all species of slugs and snails. Slugs and Snails stop feeding immediately. Slugs (snails) eat bait and then hide to die. Remains effective after rain or sprinkling. Can be used by domestic animal (pet) owners.
