**RAINBOW****TELCO & POWER
WASP &
ANT SPRAY
WITH ETOC®****Kills Wasps, Hornets, Ants,
Fire Ants, Yellow Jackets,
Bees and Spiders (including
Black Widow and Brown
Recluse)**

- Effective Range 15 Feet
- Formulated for the Utility Industry
- Does NOT Harm ABS, Noryl, Polycarbonate and Polyethylene Plastics
- Does NOT Cause Corrosion of Noble Metals
- Dielectric Strength: 48,100 Volts

**PRODUCT
88500****ACTIVE INGREDIENT:**

Prallethrin (CAS No. 23031-36-9).....	0.122%
OTHER INGREDIENTS*	99.878%
TOTAL	100.000%

*Contains isoparaffinic oil

**Keep Out of Reach of Children
CAUTION**

See back panel for First Aid and additional Precautionary Statements.

NET WT: 12 oz (340 g)

EPA Reg. No. 13283-31

SHAKE WELL BEFORE USING

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake Well Before Use. Thoroughly spray visible pests and infested areas. Before spraying insects or nests, give the can a short burst away from the nest to ensure proper pressure. Use caution when spraying flying insects. Contact with roof shingles may cause discoloration or other unwanted effects.

AREAS FOR APPLICATION

Formulated for use in and around Telephone, Power, Cable, Electronics and Utility Equipment and Industries. Also for use on nests in/on Homes, Motels, Hotels and Non-Food Areas of Industrial, Institutional and Commercial Buildings including Stores, Manufacturing Plants, Warehouses and Hospitals (non-patient areas). Non-food/feed areas where this product may be applied are areas such as garbage rooms, lavatories, floor drains (to sewers), offices, locker rooms, machine rooms, boiler rooms, garages, closets and storage areas (after canning or bottling). When used in the home, cover all food processing surfaces and utensils during treatment or thoroughly wash before use. Cover or remove exposed food.

RESTRICTIONS

Do not use as a space spray. Do not contaminate feed and foodstuffs. Do not use in edible product areas of food/feed processing plants, restaurants or other areas where food/feed is commercially processed or prepared. Do not use in serving areas while food is exposed. Do not apply this product in a manner that will contact or expose occupants. Only applicators may be in the area during application.

FOR WASP & HORNET CONTROL: (1) Spray from an upwind position. (2) Hold can in an upright position with nozzle end pointed toward nest while standing 6 to 12 feet away. (3) Begin spraying nest and as many flying insects as possible. (4) Thoroughly spray nest. (5) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active.

FOR YELLOW JACKET & BEE CONTROL: (1) Spray in a sweeping motion on external insects flying around the opening of the nest. (2) Move forward to the nest opening and spray directly into the nest hole. (3) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active. (4) For large nests, more than one can may be necessary.

FOR FIRE ANT MOUNDS: (1) Spray the entire perimeter of the mound. (2) Directly spray the mound and break up the mound with a stick. (3) Spray all active fire ants until no activity is seen. (4) For large mounds, more than one can may be necessary.

IF PROBE IS USED: (1) Install the probe on spray can. (2) Spray the entire perimeter of the mound. (3) Using the probe, break up the mound exposing active fire ants. (4) Holding the probe about 2 inches from the active fire ants, spray surface fire ants. (5) Begin spraying and penetrate mound while pushing probe downward as far as possible. Continue spraying while removing probe. (6) Repeat as required by mound size.

FOR FORAGING FIRE AND ARGENTINE ANT CONTROL: Spray directly on ants. Spray ant hills and runways. Repeat as necessary.

FOR OUTDOOR SPIDER (including Black Widow and Brown Recluse), Brown Dog Tick, Cockroach, Cricket, Fly, Flea, and Scorpion Control: Thoroughly spray infested areas including outside surfaces of screen frames, doors, window frames, foundations, patios or other places where insects may congregate or enter premises. For Fleas and Brown Dog Ticks, spray weeds and bushy non-crop vegetation. Do NOT spray pets or desirable vegetation. Optimal flea and tick control will be achieved if pets and yards are simultaneously treated with flea and tick control products registered for pet and yard uses.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **PESTICIDE STORAGE:** Store in a cool, dry (preferably locked) storage area inaccessible to children and pets and away from heat or open flame.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Non-refillable container; do not reuse or refill this container. Do not puncture or incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

SHAKE WELL BEFORE USING

**FIRST AID**

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1.800.255.3924 for emergency medical treatment information.

NOTE TO PHYSICIAN: Contains petroleum distillate – vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS**Hazards to Humans & Domestic Animals**

CAUTION: Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes or clothing. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated contact may cause allergic reactions in some individuals.

Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Environmental Hazards

This pesticide is highly toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain do not blow or wash pesticide away from the treatment area.

NOTICE OF WARRANTY: Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on such label only when used in accordance with the directions under normal use conditions. To the extent not prohibited by applicable law: a) Rainbow shall not be liable for consequential or special damages resulting from the use or handling of this product; and b) All such risks shall be assumed by the buyer. Rainbow makes no warranties of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE or any other express or implied warranty except as stated above.
