ANIMAL REPELLENT

Granules

Protect Your Landscape & Garden

- Essential oils deliver a smell and taste that animals naturally hate
- No Stink Formula that is Long Lasting and Rain Resistant
- One easy step to protect your garden and landscape from rabbits, groundhogs, squirrels & other small animals!
- Protects Plants, Fruits & Veggies

Directions:

- Remove seal under cap, and replace shaker top.
- **Hold bottle with shaker top pointed forward and down. Shake bottle side to side to dispense.**
- Liberally apply to turf and soil around flowers, ornamentals, shrubs, fruits and vegetables, making sure to apply evenly around the plant or area. (2 lbs will cover up to 1000 sq ft). This product should only be applied around plants which do not grow above a height of 18 in.
- Repeat application every 30 days, at first sight of new damage, or new plant growth. More frequent application may be required after periods of heavy rainfall and if more damage is noticed.

Post Harvest

When applied to edibles, thoroughly wash crops prior to eating. Rub produce in hands under running water and pat dry. Produce with rinds, grooves, or waxy skins should be scrubbed with a brush under running water and dried prior to consumption. For leafy vegetables, remove outer layer, thoroughly rinse remainder, and pat dry.

Additional Applications

Bulb protection: After placing bulbs in planting hole, apply 1 tablespoon into the hole, making sure granules surround the bulb, then backfill with soil.
