Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact anything to an unconscious person.

If Swallowed:
- Do not induce vomiting unless instructed to do so by a poison control center or doctor.
- Do not use or store near heat or open flame.
- If person is breathing normally, give 1–2 puffs of artificial respiration or have person sip a glass of water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Rinse skin with plenty of water for 15–20 minutes.
- Hold eye open and rinse slowly and gently with water.

If Inhaled:
- Take off contaminated clothing. Immediately move person to fresh air.
- If person is breathing normally, give 1–2 puffs of artificial respiration or have person breathe into a paper towel or cloth from the nose.
- Call a poison control center or doctor immediately for treatment advice.

**FIRST AID**

Rinse skin with plenty of water for 15–20 minutes.

- Put person in recovery position, if unconscious.
- Remove person from exposure.
- If person is breathing normally, give 1–2 puffs of artificial respiration or have person breathe into a paper towel or cloth from the nose.
- Call a poison control center or doctor immediately for treatment advice.

**PRECAUTIONARY STATEMENTS**

**Emergency andFirst-Aid Measures**

- Do not use or store near heat or open flame.
- If inhaled, move person to fresh air. If breathing is difficult, provide artificial respiration.
- Do not use or store near naked flames.
- If swallowed, give 1–2 puffs of artificial respiration or have person sip a glass of water for 15–20 minutes. Remove contact lenses, if present, and continue rinsing eye.
- Do not induce vomiting unless instructed to do so by a poison control center or doctor.
- Rinse skin with plenty of water for 15–20 minutes.
- Hold eye open and rinse slowly and gently with water.

**Response to Hazards**

- Avoid breathing vapors and contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.
- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.
- Avoid contact with eyes, mouth and skin.

**Hazardous Ingredients**

- Causes moderate eye irritation.
- Avoid contact with eyes, mouth and skin.
- Read and understand the Material Safety Data Sheet before handling the product.

**Hazardous Conditions**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**Hazardous Properties**

- Causes moderate eye irritation.
- Avoid contact with eyes, mouth and skin.
- Read and understand the Material Safety Data Sheet before handling the product.

**Hazardous Mixtures**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**Hazardous Substances**

- Causes moderate eye irritation.
- Avoid contact with eyes, mouth and skin.
- Read and understand the Material Safety Data Sheet before handling the product.

**Hazards to Specific Groups**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE AND DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**PRODUCT USE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**REIFICATION**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE AND DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**PRODUCT USE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**REIFICATION**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE AND DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**PRODUCT USE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**REIFICATION**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE AND DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**PRODUCT USE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**REIFICATION**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE AND DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**PRODUCT USE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**REIFICATION**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE AND DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**PRODUCT USE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**REIFICATION**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE AND DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**DISPOSAL**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**STORAGE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**PRODUCT USE**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.

**REIFICATION**

- Avoid contact with eyes, mouth and skin.
- Wash hands thoroughly with soap and water after handling the product.
This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body.

Disinfection and before reuse. Pre-clean all hard, non-porous vehicle surfaces including mats, cabs, and wheels. Spray solution to thoroughly wet hard, non-porous surfaces.

Disinfection of Pre-cleaned Non-Critical Medical Devices, Instruments and Implements
When used on critical and semi-critical medical devices, complete submersion, cover and immerse for 30 seconds at room temperature (68°F/20°C). Remove and rinse instruments. Follow with appropriate cleaning and disinfection process. Discard solution after each use.

This product can also be used to pre-clean all surfaces to be disinfected.

Infectious Materials Disposal:
Infectious materials should be contained and surface-disinfected in accordance with local regulations for infectious materials disposal.

Disinfectant Solution:
This product is a quaternary ammonium compound. Use as directed for disinfection and cleaning of hard, non-porous surfaces. Do not use on dishes, glasses or utensils. Rinse all surfaces which may come in contact with food with clean potable water after handling and before eating, drinking, chewing gum, using tobacco products or mouthwash.

Precautionary Statements:
Flammable. Do not use or store near heat or open flame.

Hazardous to Humans and Domestic Animals:
Harmful if swallowed, inhaled, or absorbed through skin. Causes moderate eye irritation. Avoid breathing vapors and contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco products or mouthwash.

Inhalation:
Remove victim to fresh air. If not breathing, provide artificial respiration. If breathing is difficult, give oxygen.

Ingestion:
Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor for treatment advice.

Skin:
Wash thoroughly with soap and water. Cover spills or splashes with water or ground ice to dilute or neutralize the product.

Eye Contact:
Rinse eyes immediately with大量水 for at least 15 minutes, removing any contact lenses if present.

Do not use or store near heat or open flame.

Non-refillable container. Do not reuse or refill this container. Discard container and put in trash or offer for recycling if available.

Container Handling:
Store in original container in a cool, well-ventilated (preferably locked) area inaccessible to children and pets. If opened, cover and store under conditions recommended above for the product.

Pesticide Storage:
This product is not a pesticide. Do not mix with any other pesticide or chemical cleaning product. Do not store with food or feed products.

KEEP OUT OF REACH OF CHILDREN
Do not use or store near children.

Caution:
This product is a disinfectant and is not intended for use as a food contact surface treatment. Use only as directed.

For Use On
This product is a tri-component, non-antimicrobial disinfectant designed for use against microorganisms associated with skin care equipment/surfaces, telemetry equipment.

Active Ingredients:
- Ethanol: 7.75%
- n-Alkyl (60% C14, 30% C16, 5% C12, 5% C18) dimethyl benzyl ammonium chloride: 0.425%
- n-Alkyl (68% C12, 32% C14) dimethyl ethylbenzyl ammonium chloride: 0.425%

Other Ingredients:
- Water

Warranties and Disposal:
This product is not a pesticide and does not need to be disposed of according to pesticide disposal regulations. Do not dispose of in the same manner as household waste. Follow local regulations for the disposal of infectious waste.
