- 61.4%

**NET CONTENTS:** 0.60 fl oz total (Three 0.20 fl oz/6.0 ml tubes) 3 MONTH SUPPLY

**STORAGE and DISPOSAL:**

- **Precautionary Statements Required To Know Before Use:**

**CAUTION**
- Causes moderate eye irritation. Avoid contact with eyes or clothing. Skin irritation may occur after handling and before eating, drinking, chewing gum, or smoking. Wash hands thoroughly after handling product.
- Wash this area with soap and water if skin irritation occurs. Consult a doctor for treatment advice.
- Call a poison control center or 1-888-241-9545 for treatment advice.
- Do not reuse tube.
- Pesticide Disposal and Container Handling-If you live in a state or locale that is in a federal or state-wide ban on the disposal of pesticide containers in landfills, do not dispose of this container. Contact your local health department to find the appropriate method for disposal.
- **HOTLINE NUMBER:**
  - 1-888-241-9545 24 hours/day, 7 days/week.
- **For product information, call 1-888-241-9545 or contact your veterinarian if your pet is experiencing an adverse event.

**USE RESTRICTIONS:** This product is for indoor use only. Do not allow children to apply this product. Do not apply this product to puppies less than 10 weeks of age. Do not apply this product to animals that have open wounds or sores. Do not apply this product to animals that are pregnant or nursing. Do not apply this product to animals that are hypersensitive skin disorder known as flea allergy dermatitis (FAD). Do not apply this product to animals on medication. Sensitivities may occur after using this product. If signs persist or become worse after first 5 minutes, for 15-20 minutes.

**HAZARDS TO DOMESTIC ANIMALS**

- Do not use on dogs/puppies less than 10 weeks of age. Keep this product in original container out of the reach of children. If swallowed, call a poison control center or 1-888-241-9545 immediately.

**PRODUCT STABILITY:**

- This product is most effective when used as part of a total flea and tick management program. The other Vet-Kem® products registered for use in the home result in a synergistic effect. Monthly treatments are required for optimal control and prevention of fleas and ticks. The successive feeding activity of fleas on dogs/puppies may elicit a hypersensitivity skin disorder known as flea allergy dermatitis (FAD). Treatment with an insecticide and acaricide is required to stop the feeding activity of fleas. Therefore, insecticide and acaricide treatments are recommended. This product rapidly kills fleas and may reduce the incidence of this condition.

**DIRECTIONS FOR USE:**

1. **LOAD:**
   - Place tube in the applicator. Open the red door and drop empty tube into trash or down any indoor or outdoor drain. Do not reuse tube.

2. **LOAD:**
   - Place tube in the applicator.

3. **CLOSE:**
   - Close the red door and the tube will snap open.

4. **APPLY:**
   - The dog should be standing for easy application. To apply, using the applicator, part hair and get next to dog's/puppy's skin. Press circle on red door once at each of four or five evenly placed spots between the shoulder to the base of the tail.

Do not apply an excessive amount of the solution at any one spot that could cause some of the solution to run off the side of the dog's/puppy's skin. Do not spread the product dry hand over the dog's/puppy's skin. Although the dog's/puppy's skin and hair will absorb the application over the entire dog's/puppy's skin, there may be residual oil left on the dog's/puppy's skin. Do not spread this product by rubbing or massage. Do not dry off after application. Do not use on cats. Keep cats away from treated dogs/puppies for 24 hours. If exposure to rainfall occurs after application, retreat more than once per month. Do not store the product dry hand over the dog's/puppy's skin. Although the dog's/puppy's skin and hair will absorb the application over the entire dog's/puppy's skin, there may be residual oil left on the dog's/puppy's skin. Do not spread this product by rubbing or massage. Do not dry off after application.

**TIP PARTS HAIR** to help get down to the skin
