Green Step™ II Caterpillar Control
READY-TO-USE

For Home & Gardens
Biological Insecticide
Controls worms and caterpillars on fruits, vegetables, ornamentals, and shade trees in and around the home garden.

Green Step™ II Caterpillar Control Ready-to-Use is easy to use. Properties include:

• Kills worms and caterpillar stage insects, but has no effect on birds, earthworms, or beneficial insects, such as honeybees and ladybugs, when used as directed.
• Worms and caterpillars eat treated foliage, then immediately stop feeding and damaging plants.
• Acceptable for use on edible plants up to the day of harvest.

FIRST AID

IF IN EYES
• Hold eye open and rinse slowly and gently with water for 15 to 20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15 to 20 minutes.
• Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

Precautionary Statements

Hazard to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, nose or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Environmental Hazards: To protect the environment, do not allow pesticide to enter or run off into storm drains, ditches, ponds, rivers, streams, or other bodies of water. Do not apply to groundwaters or surface waters. Disposing of this product in the environment can cause harm to aquatic wildlife. This product is not to be used in or near drainways, storm drains, ditches, ponds, streams, rivers, lakes, or other bodies of water. This product is not compatible with fish. Treatment of water supplies can cause harm to aquatic life. Avoid applying this product to lawns or landscapes where drainage will occur in a water supply source.

WARRANTY
Seller warrants that the material contained herein conforms to the description on the label and is reasonably fit for the purposes for which it is intended. This warranty is in lieu of any implied warranties including merchantability and fitness for a particular purpose. This warranty is limited to refund of the purchase price of the material. No other warranties are made.

Best results are obtained by treatments when worms are small; they must be actively feeding. After ingesting the insecticide, they immediately stop feeding, though they may otherwise appear to be unaffected for several days. If eggs hatch over a long period of time or if reinfestation occurs, spray about 14 days after first noticed, then repeat at five (5) to seven (7) day intervals when needed to maintain control. Apply in thoroughly over foliage surfaces of shade trees and ornamentals for control of the following leaf-feeding, worms:

- Bagworm, Fall Cankerworm, Tent Caterpillar, Fall Webworm, Spring Cankerworm, Gypsy Moth, Elm Sawworm

- Apply when buds swell, but before leaves are fully open. If eggs hatch over a long period of time or if reinfestation occurs, spray about 14 days after first application.

How to Apply:
1. Open the spray nozzle and cap the bottle. Shake thoroughly before use. Spray the foliage thoroughly, top and bottom, for complete control. Shake regularly while spraying.
2. Spray at first sign of infestation and repeat at five (5) to seven (7) day intervals when needed to control insects in the fruit and vegetable garden.
3. Cabbage, Leppers, Armyworms, Hornworms, and other Lepidopteran (moth) pests on broccoli, cauliflower, collards, kale, mustard greens, turnip greens, cabbage, celery, lettuce, peppers, eggplant, melons and tomatoes.
4. Lime sulfur or horticultural oil and around the home.

Spray all plant foliage. Apply at first sign of infestation and repeat at five (5) to seven (7) day intervals when needed to control insects in the fruit and vegetable garden.

- Cabbage, Leppers, Armyworms, Hornworms, and other Lepidopteran (moth) pests on broccoli, cauliflower, collards, kale, mustard greens, turnip greens, cabbage, celery, lettuce, peppers, eggplant, melons, and tomatoes.

- Lime sulfur or horticultural oil and around the home.

Spray at first sign of infestation and repeat at five (5) to seven (7) day intervals when needed to control worms with the following leaf-feeding, worms:

- Bagworm, Fall Cankerworm, Tent Caterpillar, Fall Webworm, Spring Cankerworm, Gypsy Moth, Elm Sawworm

- Apply when buds swell, but before leaves are fully open. If eggs hatch over a long period of time or if reinfestation occurs, spray about 14 days after first application.

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, nose or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Precautionary Statements

Hazards to Humans and Domestic Animals
CAUTION: Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Environmental Hazards
To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.
The product must not be applied within 300 feet of any habitats of threatened or endangered Lepidoptera (i.e., moths or butterflies).

STORAGE AND DISPOSAL

Pesticide Storage: Store in a cool place.
Activity may be impaired by storage at temperatures above 90°F.

Pesticide Disposal and Container Handling:
Nonrefillable container. Do not reuse or refill this container.
If empty: Place in trash or offer for recycling, if available.
If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
