Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contacts, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-757-8951 for emergency medical treatment information.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to freshwater marine and estuarine fish and aquatic invertebrates including shrimp and oyster. Do not apply directly to water. Do not apply in a manner which will directly expose canals, lakes, streams, ponds, marshes or estuaries to aerial drift. Do not contaminate water by disposing of equipment washwaters.

GENERAL INFORMATION

What Easy Weeder Does: This product prevents many broadleaf and grass weeds from germinating around listed flowers, bulbs, vegetables, roses, trees, shrubs, and ground covers. It provides all-season weed control, eliminating difficult and time consuming hand weeding. Without weeds to compete for space, plant nutrients and water, your valuable plants can grow larger, stronger and healthier. Do not apply to Ajuga, Myrtle or Pachysandra as injury may result.

Easy Weeder Prevents the Following Weeds from Germinating:

Grass Weeds: Annual Bluegrass, Barnyardgrass (Watergrass), Brachiaria, Bromegrass, Cheat, Crabgrass, Fall Panicum, Foxtail, Goosegrass, Johnsongrass (from seed), Junglerice, Lovegrass, Sandbur, Signalgrass, Stinkgrass, Sprangletop, Texas Panicum, Wildcane, Witchgrass and Woolly Cupgrass. **Broadleaf Weeds:** Carelessweed, Carpetweed, Common Chickweed, Florida Purslane (Pusley), Goosefoot, Knotweed, Kochia, Lambsquarter, Pigweed (Spiney and Redroot), Purslane, Russian Thistle, Stinging Nettle.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Not for use on plants being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes. For use on plants intended for aesthetic purposes or climatic modification and being grown in ornamental gardens or parks, or on golf courses or lawns.

Entry Restrictions: Do not allow people or pets to enter the treated area until dusts have settled. If watering-in is required after application, do not enter or allow others to enter the treated areas (except those involved in the watering) until the watering-in is complete and the surface is dry.

Application Restrictions: Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.

Do not use this product on lawns. Never use when planting seed except for the vegetables listed. Do not use with flower seeds.

When to Apply Easy Weeder in Home Gardens: Early application is best for easy weed control all season long. Or, apply any time around shrubs, trees and established plants. Before sowing listed vegetables by seed, apply product no earlier than 10 weeks prior to planting.

How to Apply Easy Weeder: Since this product works by preventing weed seed germination, existing weeds must be removed before applying. Avoid over-application to prevent carryover problems with sensitive plants the following season. Do not use in enclosed areas such as greenhouses.

For Established Plant Application: Flowers, listed vegetables, ornamentals, and trees: sprinkle on soil surface to match Example A (this is 1 oz. per 10 sq. ft.). For best results, lightly water into soil after application.

For Pre-Planting Application: Prior to transplanting 2-3" listed flowers, or, less than 10 weeks prior to planting vegetable seed, apply in medium soil to match Example B and mix in (this equals 1 oz. per 60 sq. ft.). Mix into soil with rake or roto-tiller 1-3" deep. Transplant. Do not apply after transplanting, except on Irish potatoes. (See chart below for
