LAWN FOOD with MOSS CONTROL 12-0-4

FIRST AID	
If in Eyes	• Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or physician for treatment advice.
If Swallowed	• Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If Inhaled	• Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for treatment advice.
If on Skin or Clothing	• Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For non-emergency information concerning this product, call the National Pesticides Information Center (NPIC) at 1-800-858-7378 (NPIC website: www.npic.orst.edu). For emergencies, call the poison control center at 1-800-222-1222.	

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye injury. Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing of dust and contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk or street, back onto the treated area of the lawn or garden, will help to prevent runoff to water bodies or drainage systems.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GUARANTEED ANALYSIS

Total Nitrogen (N)..... 12%
12% ammoniacal nitrogen
Soluble Potash (K₂O)..... 4%
Sulfur (S)..... 8%
Iron (Fe) 8%
Derived from Ammonium Sulfate, Muriate of Potash and Ferrous Sulfate Monohydrate.

SPREADER SETTINGS*

Pounds of Product to Apply/1000 sq. ft.

NAME OF SPREADER	NORMAL FEEDING
Best Lawn Spreader #50	7
Best Broadcaster Spreader #60	5
Scotts (All Models)	5-1/2
Wards #1083	5-1/2
Sears #1916	6
Ortho #3000	5-1/2
Ortho Whirlybird.....	20 lb./5,000 sq.ft

*Settings for spreaders in new condition.

Note: Spreaders will vary and must be checked for accuracy. Broadcast spreaders such as the Whirlybird are dependent upon the rate of walking and turning speed of the broadcast unit. Carefully calculate the area to be fertilized and make certain the proper amount is applied to the area.

Not for use on plants being grown for sale or other commercial use, or for commercial seed production or for research purposes. For use on plants intended for aesthetic purposes or climatic modification and being grown in ornamental gardens or parks, or on golf courses or lawns.

USE PRECAUTIONS: Product contains ferrous sulfate which will stain paint, concrete, sidewalks and cart paths. Remove spillage immediately by sweeping or washing off sidewalks, driveways or other concrete or painted surfaces. Clean hard surfaces after application.

Use anytime moss is a problem. Repeat if needed. Prior to application, lightly rake lawn to remove leaves and dead grass; and mow lawn to expose moss and to allow fertilizer to readily enter soil. Apply with spreader at label rates. **WATER LAWN IMMEDIATELY AFTER APPLICATION.**

NORMAL FEEDING

For normal control of moss, apply at the rate of 4 pounds per 1,000 square feet. A 40-pound bag covers 10,000 square feet, properly applied. This application will provide turf with 1/2 pound of nitrogen and 1/3 pound of iron per 1,000 square feet, plus phosphorus and potash essential to this early spring treatment.

HEAVY MOSS INFESTATIONS

For heavy infestations of moss, apply at the rate of 8 pounds per 1,000 square feet. A 40-pound bag covers 5,000 square feet, properly applied. This application will provide turf with 1 pound of nitrogen and 2/3 pounds of iron, per 1,000 square feet, plus phosphorus and potash.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store this product only in its original container in a dry, cool, secured storage area.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Spill: In case of spill, sweep up product and dispose of material according to "Disposal" directions listed above.

NOTICE: Before using this product, carefully read the entire label.

If the **Conditions of Sale and Warranty** are not acceptable, return the product unopened within thirty days of purchase to the place of purchase.

Conditions of Sale and Warranty: Seller warrants that this product consists of the ingredients specified and is reasonably fit for use as directed on the label. No one is authorized to make any other warranty, guarantee or direction concerning this product. Because the time, place, rate of application and other conditions of use are beyond the Seller's control, and, to the extent consistent with applicable law, Seller's liability from the handling, storage and use of this product is limited to replacement of product or refund of purchase price.
