#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**HOW TO APPLY** • Shake can before and during use. • Turn can **upside down to use**. • Hold can at arm's length, 1 to 2 feet from weed. Point can at weed. • Press spray button briefly, covering weed with Roundup Foam. (DO NOT press button with can in upright position.)

**IMPORTANT** Spray when air is calm. The "non-drift" spray foams on contact marking treated weeds. If desirable plants are accidentally sprayed, rinse immediately with water.

All ornamental flowers, trees, and shrubs may be planted 1 day after application.

People and pets may enter treated area after spray has dried.

**HOW IT WORKS** Roundup enters plants through foliage and moves systemically to the roots, killing weeds by stopping the production of a substance found only in plants. Any product not absorbed by plants breaks down into natural materials without moving in or on the soil to untreated plants. Weeds usually begin to wilt within hours with complete kill in 1 to 2 weeks. One application kills most weeds.

**STORAGE AND DISPOSAL** **STORAGE:** Store in a secure location away from heat or open flame. **DISPOSAL:** Unused product may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash. **CONTAINER:** Replace cap and discard in trash. Do not incinerate or puncture.
