**DIRECTIONS FOR USE**  
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**CONTROLLING AND ELIMINATING ANTS:**  
 First ants will come in large numbers, but soon disappear. This product is specifically formulated to allow worker ants to consume the product and survive long enough to carry the liquid back to the nest and deliver it close to the rest of the colony.

- 1 **Hold bait upright.** Hold firmly with one hand while breaking off the bait pack tab.
- 2 **Place baits label side up** near ant trails or close to where ants are numerous. Place additional baits anywhere ants may enter your home.
- 3 **Monitor regularly** for activity but do not interfere with the ants or baits. Replace with additional baits when first set is depleted.
- 4 **Once ants are controlled, replace baits every 3 months** to keep ants from returning.
