

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SweetWater Purifier Solution should be used in conjunction with SweetWater Microfilter whenever waterborne viral pathogens may be present in the water. This includes water collected in areas where human or animal contamination is possible, such as heavily used areas, areas where there are no facilities to deal with human waste, or where agricultural waste is present.

- **Collect water that is as clean as possible.**
- **After pumping through SweetWater Microfilter, add 5 drops of SweetWater Purifier Solution per liter of water.**
- **Mix for at least 10 seconds.**
- **Wait 5 minutes before drinking water or adding drink mix.**

Note: This product degrades with age. Check expiration date on bottle and replace accordingly.

Storage: Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. Refrigerate when not in use.

NOT RESTRICTED for air transport by CFR49 and IATA regulations.

See SweetWater Microfilter and SweetWater Purifier Solution instruction sheets for complete directions.
