Kills the following insects on contact: Bees, Biting Flies, Black Flies, Deer Flies, Face Flies, Flying Moths, Gnats, Hornets, Horse Flies, House Flies, Midges, Mosquitoes, Mud Daubers, Paper Nest Wasps, Stable Flies, Wasps.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS COMPLETELY BEFORE USE.

SHAKE WELL BEFORE EACH USE. HOLD CONTAINER UPRIGHT. APPLY IN SHORT BURSTS

For best results, follow directions for specific use areas. Avoid excessively wetting furniture and carpeting. Always test in a hidden area before use since liquid products may adversely affect some natural and synthetic fibers. Do not use on animals. Avoid contamination of food and feedstuffs. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Remove pets, birds and cover fish aquariums before spraying. Do not apply when food is present. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use. Remove or cover exposed food and drinking water before application.

OUTDOOR USE: All outdoor applications must be limited to spot or crack-and-crevice-treatments only, except for the following permitted use: Applications to lawns, turf, and other vegetation. Do not water the treated area to the point of runoff. Do not make applications during the rain. Do not use on edible crops. Take precautions to avoid spraying when wind conditions could create a mist that may blow back to applicator. Do not apply this product in or around bodies of water.

FLIES, GNATS, MOSQUITOES, SMALL FLYING MOTHS, Midges, Black Flies, Biting Flies, Deer Flies, Face Flies, Horse Flies, House Flies, Stable Flies and other listed flying insects: Hold container 18-24 inches from shrubs, bushes, grassy areas, and other areas infested with these pests. Spray with a slow sweeping motion. To reduce annoyance from these pests, treat surfaces of open porches, patio areas, screens, window frames, doors, and other areas where these pests may alight or congregate in a similar manner. Allow spray to dry before occupying treated area.

WASPS, HORNETS, YELLOWJACKETS, AND PAPER NEST WASPS: Hold container 18-24 inches away from these insects and spray them directly. Do not spray into nests or hives. Only use an EPA registered product such as TERRO Wasp & Hornet Killer, designed for use on nests and hives.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: DO NOT PUNCTURE OR INCINERATE! Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

Notice Buyer Assumes all risk of use, storage or handling of this product not in accordance with directions.

FIRST AID: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Do not contaminate water when disposing of equipment, washwater, or rinsate. Drift and runoff may be hazardous to fish in water adjacent to treated areas. See Directions for Use for additional precautions and requirements. This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging in the treatment area.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Agite bien antes de usar

ALMACENAMIENTO Y ELIMINACIÓN

No contamine el agua, los alimentos ni el forraje al almacenar o desechar. **ALMACENAJE DEL PESTICIDA:** Almacene en un lugar fresco y seco. Siempre almacene los pesticidas en el envase original. Almacene alejado de los alimentos y los alimentos para mascotas. **DESECHO DEL PESTICIDA Y MANIPULACIÓN DEL ENVASE:** (No lo perforo ni incinerar) Envase no rellenable. No reutilice ni rellene este envase. Si está vacío: Colóquelo en la basura u ofrezcálo para reciclaje si está disponible. **Si está parcialmente lleno:** Llame a la agencia de desechos sólidos local para las instrucciones de desecho. **Aviso:** El comprador asume todos los riesgos del uso, almacenamiento o manipulación de este producto que no estén de acuerdo con las instrucciones.

PRIMEROS AUXILIOS: SI ENTRA EN CONTACTO CON LA PIEL O LA ROPA: Quítase la ropa contaminada. Enjuague la piel inmediatamente con abundante agua durante 15-20 minutos. Llame a un centro para el control del envenenamiento o a un médico para que le recomiende un tratamiento.

SI LO TRAGA: Llame de inmediato a un centro para el control del envenenamiento o a un médico. No induzca el vómito a menos que así se lo haya ordenado un centro para el control del envenenamiento o un médico.

No administre ningún líquido a la persona. No administre nada por la boca a una persona inconsciente. Tenga consigo el envase o la etiqueta del producto cuando llame a un centro de control de envenenamiento, a un médico o vaya a recibir tratamiento. Para obtener más información en relación con emergencias de carácter médico o incidentes con pesticidas, llame al 1-888-740-8712.

ENUNCIADOS DE PRECAUCIÓN

PELIGROS PARA LOS SERES HUMANOS Y LOS ANIMALES DOMÉSTICOS

PRECAUCIÓN: Dañino si se absorbe a través de la piel. Evite el contacto con los ojos, la piel o la ropa. Lávese muy bien con agua y jabón después de manipular el producto y antes de comer, beber, usar goma de masticar o tabaco. Quítase la ropa contaminada y lávela antes de volverla a poner.

RIESGOS PARA EL AMBIENTE: Este pesticida es extremadamente tóxico para los organismos acuáticos, incluyendo los peces y los invertebrados acuáticos. No aplique directamente al agua ni cerca de esta. No contamine el agua al desechar el agua del lavado o enjuagar el equipo. El producto arrastrado por la corriente o procedente de escorrentía puede ser peligroso para los peces en aguas adyacentes a las áreas tratadas. Refiérase a las Instrucciones de uso para las precauciones y requisitos adicionales. Este pesticida es extremadamente tóxico para las abejas expuestas al tratamiento directo en cultivos en floración o a la maleza mientras las abejas se encuentran en el área de tratamiento.

RIESGOS FÍSICOS O QUÍMICOS: Contenido bajo presión. No utilice ni almacene cerca del calor o las llamas expuestas. No perforo ni incinerar el envase. La exposición a temperaturas superiores a 130°F (54°C) puede ocasionar que el envase estalle.
