**PRODUCT CODE: FAMBSS**  
MADE IN U.S.A. • COP. # 12-09  
Postscript is first letter of code number on container.  
EPA Est. 40849-GA-1(L) or EPA Est. 1270-GA-1(Z)  
CHPEAMBS6B • EPA Reg. No. 40849-75

**STORAGE AND DISPOSAL**  
STORAGE: Store in a cool, dry location inaccessible to children and pets.  
DISPOSAL: Non-refillable container. Do not reuse or refill the bait station. Offer for recycling if available. Never place unused product down any indoor or outdoor drain.

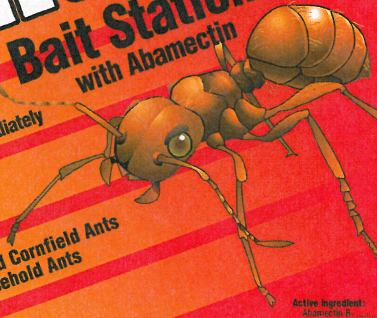

**DIRECTIONS FOR USE**  
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
1. Remove bait stations from container.  
2. For thorough ant control, use all 6 baits at one time. For larger kitchens or HEAVY INFESTATIONS, we recommend using additional bait stations.  
3. Baits work best on horizontal surfaces touching corners and walls. For example, place baits next to the wall along baseboards, in corners, under sinks, in cabinets and near plumbing fixtures. Place bait stations in locations where ants have been seen.  
4. Ants will begin eating the bait immediately. You will see fewer ants within days.  
5. "scout trail" for other ants to follow. Disrupting this trail with cleaners or insecticides will eliminate the scout trail for the ants to follow.  
6. Replace ALL baits every three months or until the ant population is completely eliminated.  
For maximum effectiveness, replace baits before they are completely consumed.  
NOTE: DO NOT apply aerosol insect sprays or pump sprays onto the surface areas to be treated with ant bait stations. Insecticide sprays will repel ants from feeding at bait station locations.

**FOR USE IN AND AROUND:** Apartments and homes including but not limited to: bathrooms, kitchens, counters, corners, under and around cabinets, sinks and near plumbing fixtures.  
Effective Against: Pharaoh Ants, Argentine Ants, Cornfield Ants and a variety of household ants.
