SNAKE STOPPER™ Snake Repellent

✓ Prevents entry, nesting, and foraging

✓ Long lasting performance

Bonide® SNAKE STOPPER™ Snake Repellent effectively repels snakes, iguanas and lizards. Apply around homes, garages, barns, swimming pools, gardens, garden sheds, woodpiles, and other areas where snakes, iguanas and lizards may be a problem. May be used in areas where children and pets play. Bonide® SNAKE STOPPER™ Snake Repellent is biodegradable and will not harm lawns, gardens, flowerbeds or other desirable plants when used as directed.

HOW IT WORKS

The unique blend of ingredients in this product trigger escape/avoidance behavior in snakes, iguanas and lizards. Snakes actually taste the air around them (via a receptor organ known as the *Jacobson's organ*), this product provides a powerful scent/taste repellent that snakes find unpleasant and which triggers a natural reaction to escape and avoid. Bonide® SNAKE STOPPER™ Snake Repellent does not harm snakes, iguanas or lizards it drives them away.

HOW TO USE

Perimeter/Barrier Treatment

Using the convenient dispenser cap on this package, lightly sprinkle a band 6 - 8 inches wide, next to and around the area you wish to protect. It is not necessary to completely cover the ground with product. One pound will treat a band 8 inches wide by 50 feet in length. If after 2 weeks no snakes, iguanas or lizards have been observed, a **broadcast/maintenance** application may be made at the rate of 1 lb. per 100 sq. ft. Do not water in after application. Reapply product after heavy rains or every two weeks to obtain best results.

PRECAUTIONS

Do not apply directly to water. Not for aquatic use. Do not apply directly to crops being grown for food or feed.

Endangered Species Considerations - Before using this product, consult with State or local wildlife authorities to ensure that use does not present a hazard to any threatened or endangered species. Where necessary, obtaining all required permits and licenses is the responsibility of the applicator.

User Precautions - Reminder - Some snakes are poisonous, **NEVER** attempt to pickup a snake unless you are properly trained, experienced and know which species you are dealing with. Handling wild snakes is best left to experts. Be careful when approaching any lizard. Not all lizards are harmless. Many lizards bite or have sharp spines. Handling lizards is best left to the experts. Contact your local wildlife management office for further information.

Satisfaction guaranteed or your money back

If not completely satisfied, please submit a refund request. Please send a copy of the receipt, the back label of the product that contains the UPC Code and a note explaining why you were dissatisfied. Send to, Bonide Products, Inc., Attn: Refund Request, 6301 Sutliff Road, Oriskany, NY 13424. Bonide will not be liable for any damage, direct or incidental.
