A SMART WAY TO CONTROL ANTS

GRANT'S KILLS ANTS Ant Control destroys the entire ant colony, killing ants now and helping prevent their return.

- Bait attracts scout ants seeking food for the colony.
- Scout ants take bait back home where it is eaten by queen and worker ants.
- Colony stops reproducing and begins to die.
- Weakened or destroyed colony can no longer infest your home.

STARTS TO WORK IMMEDIATELY. INDOORS AND OUT.

PRECAUTIONARY STATEMENTS

ENVIRONMENTAL HAZARDS

Ant Control

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by storage or disposal.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product kills the following ants: Argentine, Black Carpenter, Cornfield, Little Black, Odorous House and Pavement Ants.

APPLICATION INSTRUCTIONS:

Ant station is designed to be kept flat, hole side up, on a hard surface, indoors or outdoors. Always place ant stations in locations inaccessible to children, pets and other non-target animals.

Indoors: Place under sink, behind appliances and along ant trails. If used in ground level cabinet, use child-proof fasteners on doors.

Outdoors: Place in areas where ants are seen, such as near cracks, crevices or other areas around the periphery of the home where ants may gain entry. Place one bait every 15 - 20 feet of area.

For continuous control of ants, replace all ant stations every 2 months or as needed.

Indoor use requires other 2 months or as needed.

Indoor use requires other 2 months or as needed.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in cool, dry area out of reach of children.

PESTICIDE DISPOSAL: If empty, flush with water before disposal. If partially full, use household waste disposal instructions. Do not reuse or refill this container. Place in trash or other for recycling if available.

CONTAINER DISPOSAL: Recycle where available. Do not reuse or refill this container. Place in trash or other for recycling if available.
