Plant Protection

1 Quart (946 ml)

Pest Out®

Ready To Use

Pest Out® is a pesticide with essential oil for control of a variety of common pests on garden plants. Pest Out® is made from all natural, food grade ingredients so it is ideal to use on vegetables and other plants that your family and pets may come in contact with.

DIRECTIONS FOR USE: SHAKE WELL BEFORE USE

Apply enough to cover the entire plant including the underside of the leaves. Repeat application at 7-10 day intervals as needed. Coverage is essential to establish control. Do not apply to run off. Do not apply to seedlings or very young plants. Pest Out® is suitable for most plants. Always test a small area before large scale application.

STORAGE AND DISPOSAL: Store in a cool, dry place. Dispose of properly. Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

CAUTION: Pest Out® contains oil and may leave marks on some fruits, especially pears. Test the product in small area before spraying large areas.

PRECAUTIONARY STATEMENTS Avoid contact with skin, eyes or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

Pest Out® is exempt from registration with the Federal EPA under section 25 (b) of FIFRA.
