**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND**  
**DOMESTIC ANIMALS**  
**CAUTION**

Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling.

**ENVIRONMENTAL HAZARDS**

This pesticide is extremely toxic to fish. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help to avoid run off to water bodies or drainage systems.

**PHYSICAL OR CHEMICAL HAZARDS**  
 Do not use or store near heat or open flame.

**FIRST AID**

**If swallowed** • Call a Poison Control Center or doctor immediately for treatment advice.  
 • Have person sip a glass of water if able to swallow.  
 • Do not induce vomiting unless told to do so by the Poison Control Center or doctor.  
 • Do not give anything by mouth to an unconscious person.

**If in eyes** • Hold eye open and rinse slowly and gently with water for 15-20 minutes.  
 • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**STORAGE AND DISPOSAL**  
 Do not contaminate water, food, or feed by storage or disposal.  
**Pesticide Storage**  
 Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

**Pesticide Disposal and Container Handling**  
 Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partially filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**DIRECTIONS FOR USE**  
 It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**SHAKE WELL BEFORE USE**

**LAWN FLEA AND TICK CONTROL:**  
 To kill fleas and ticks harboring in lawns and backyards, use this concentrate in a hose-end sprayer. For best results, lawn should be mowed a day or two before spraying. Spray using a slow, even sweeping motion, being sure to cover the entire lawn surface where the pets will normally frequent. Spray under ornamentals and trees, but avoid soaking young or flowering plants. Kills on contact the *Ixodes scapularis* tick (deer tick), which may carry Lyme disease.

Keep pets and children out of treated areas until after the spray has dried. Do not spray animals. Dogs, cats, their kennel or bedding area should also be treated with a registered flea and tick control product in conjunction with the application.

**DIRECTIONS FOR READY-TO-USE SPRAY SYSTEM**

1. Connect sprayer to hose end and turn on water.
2. Point in the direction you want to spray, turn the sprayer control knob to the ON position, and spray.
3. To stop, turn the sprayer control knob to the OFF position and turn off the water.
4. When finished, relieve water pressure by turning the control knob back to ON till the line is depressurized, then turn back to OFF.
5. Disconnect the sprayer from the hose.
