FIRST AID	
IF IN EYES	• Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. • Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING	• Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. For emergency information concerning this product, call the poison control center at 1-800-222-1222.	

STORAGE AND DISPOSAL

Storage: Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals. Store unused material, tightly closed, in original container only, away from open flame. Do not store at temperatures below 32°F.

Container Disposal:

If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Causes skin irritation. Do not get in eyes, on skin or on clothing. Wear protective eyewear (goggles, face shield or safety glasses). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS: This product may be hazardous to aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather or when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

Moss-Aside™ Moss Killer

- Moss-Aside™ Moss Killer is a fast-acting moss, liverwort, mold, mildew, lichens and algae killer for use on lawns, roofs, sidewalks, buildings, fences, decks, patios, bark mulch, driveways, and gravel.
- Will not stain concrete, pavement, stucco or wood.
- Kills moss to prolong life of roofs, decks, patios and walks.
- Kills moss so grass can grow thicker and richer.
- Kills within hours.
- No unpleasant odor.
- Spray treated structures with water 1 week after treatment to remove dead moss and algae.
- **What will I see?** Moss will quickly yellow and then turn brown. Unless moss is physically removed, it may remain where it died until rain or wind removes it.

APPLICATION DIRECTIONS

Domestic Lawns, Playgrounds and Ornamental Gardens: Dilute concentrate by mixing 1 part concentrate with 19 parts water (6.8 fl. oz. in 1 gallon water). Thoroughly soak moss with solution, applying 12 to 25 gallons per 1000 ft². For thick moss (greater than 1 inch), use up to 50 gallons per 1000 ft². Lightly rinse treated areas with water (1 gallon per 1000 ft² or less) 15 to 30 minutes after treatment to avoid grass and plant damage. Test spray a small area prior to using. Do not heavily irrigate for at least 6 hours. Re-apply every 2 weeks or as required. If it rains within one day of treatment, an additional application may be required. Moss will turn brown after a few days. Areas can be re-sown 5 days after treatment.

Hard Surfaces: Dilute concentrate by mixing 1 part concentrate with 9 to 19 parts water (6.8 to 13 fl. oz. in 1 gallon water). Apply 8 to 12 gallons of solution per 1000 ft². For thick moss (greater than 1 inch), use 25 gallons of solution per 1000 ft². If moss is dry, thoroughly wet moss with water before treating. Repeat treatment annually, or when new mold, mildew, moss, algae, lichens or liverworts are visible.

Automobiles, Motor Homes and Boats: Use on the outside surfaces only. Spray thoroughly with soap solution using hose-end sprayer. Alternatively, dilute concentrate by mixing 1 part concentrate with 19 parts water (6.8 fl. oz. in 1 gallon water) in a pail and apply to surfaces using a brush. Scrub surfaces thoroughly and rinse with water.

WHEN TO USE: Moss-Aside Moss Killer can be used at any time during the year. Best results are obtained with actively growing moss in the spring or fall. Do not use on lawns when temperature exceeds 85°F. During warmer weather apply late in the day. Application during cold weather may delay appearance of moss, mold and mildew damage.

METHODS OF APPLICATION: Apply with any standard hand-held sprayer, backpack sprayer, tank sprayer, hose-end sprayer, mop, watering can or brush. Keep sprayer moving to get an even application. In areas of hard water, use water softeners.

Notice to Buyer

To the extent consistent with applicable law, Seller warrants that this product conforms to the chemical description on this label and is reasonably fit for purposes stated on this label only when used in accordance with directions under normal use conditions. This warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions, or under conditions not reasonably foreseeable to seller. Buyer assumes all risk of any such use. Seller makes no other warranties, either expressed or implied.
