WINTERIZER
WEED & FEED 22-0-11

(NEW 10/3/11)

97

ACTIVE INGREDIENTS:
 24-0-0 Coated Fertilizer
 Manganese Oxide
 Copper Sulfate
 OTHER INGREDIENTS
 OMRI Listed

THE PRODUCT CONTAINS:
 14.0 lb. - 24-0-0 Coated Fertilizer (16% Nitrogen, 0.23% CAS 100-47-1)
 3.04 lb. - Copper Sulfate Pentahydrate (10% Copper) and equivalent (0.77% CAS 101-124-7)
 1.42 lb. - Manganese Oxide and equivalent (0.57% CAS 131-14-9)

WINTERIZER WEED & FEED

TREATS UP TO 4 MONTHS

**COVERS
5,000 SQ. FT.**

STOP! READ THE ENTIRE LABEL FIRST. OBSERVE ALL PRECAUTIONS AND FOLLOW DIRECTIONS CAREFULLY.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment areas until dust has settled.

Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes.

INSTRUCTIONS: Pennington Winterizer Weed and Feed is a combination of three proven weed killers -- 2,4-D, mecoprop-p, and dicamba. This herbicide controls a wide range of lawn weeds, including dandelion, chickweed, knotweed, plantain, henbit, spurge and many others commonly found in home lawns. In addition, a 22-0-11 fertilizer provides a supply of plant nutrients.

USE PRECAUTIONS: Do not use on dichondra, carpetgrass, 'Floratam' St. Augustinegrass, creeping bentgrass, or turfgrass where desirable clovers are present.

Do not apply this product to newly seeded grasses until well-established or after the second or third mowing.

Do not use this product on flowers, vegetables, groundcovers, gardens or landscape plantings including shrubs and trees. Do not exceed specified dosage for any area and do not apply this product within the drip-line of, or over surface roots of trees, shrubs, and other ornamentals.

Reseeding or overseeding areas may occur three (3) weeks after the application of this product.

HOW MUCH TO APPLY: For use on: Kentucky bluegrass, fescue spp., perennial ryegrass, common bermudagrass, zoysiagrass, St.

INSTRUCCIONES DE USO

Es infracción a la Ley Federal utilizar este producto de una manera distinta a la estipulada en el etiqueta.

No permitas que las personas (aparte del aplicador) o las mascotas ingresen al área tratada durante la aplicación. No ingrese a las áreas de tratamiento hasta que el polvo se haya asentado.

No lo use en césped que se cultiva para la venta u otro uso comercial como topo, para la producción comercial de semillas ni para fines de investigación.

INSTRUCCIONES: El herbicida y abono con acondicionador invernal de Pennington es una combinación de tres herbicidas comprobados 2,4-D, mecoprop-p y dicamba. Este herbicida controla una gran variedad de malezas de césped, incluidos dientes de león, malas hierbas, sanguinaria, perianto, ortiga, hampa de la golondrina y muchas otras que a menudo se encuentran en el césped de las casas. Además, un fertilizante 22-0-11 proporciona un suministro de nutrientes para plantas.

PRECAUCIONES DE USO: no lo use sobre el césped orgánico de seta, césped alfombra, césped de San Agustín, césped clérigos, césped Bermudá común, césped zoysia, césped de San Agustín, césped clérigos, césped Bermudá híbrido y césped Agrostis colonial.

Aplique 1.27 kg del producto por cada 92.0 m² de césped. Se puede realizar una segunda aplicación en aproximadamente 30 días. El número máximo de aplicaciones por dispersión por sitio de tratamiento es de 2 por año.

Augustinagrass, centipedegrass, hybrid bermudagrass, and colonial bengagrass.

Apply 2.8 pounds of product per 1,000 square feet of turfgrass. A second application may be made in approximately 30 days. The maximum number of broadcast applications per treatment site is 2 per year.

WHEN TO APPLY: Apply when broadleaf weeds are actively growing in early fall.

Apply when the air is calm to ensure uniform coverage and avoid spreading granules onto flowers, vegetables, and ornamental shrubbery.

Possible retreatment may be necessary if lawn is heavily overrun by weeds, if adverse low moisture conditions prevail, or if weeds are in a state of poor growth.

APPLICATION INSTRUCTIONS:

- Mow lawn to normal height 1 to 2 days before application.
- Water lawn thoroughly at least 1 to 2 days before application to sustain moisture until the next watering (see step 5).
- If grass is not moist at time of application, sprinkle lightly with water before applying product. Apply when broadleaf weeds are young and actively growing, preferably in the morning when dew is on the grass. At the time of application, moisture on the weed leaves from dew, rainfall or irrigation/watering aids in control.
- Avoid applying when temperatures are consistently above 90°F.
- Do not wash from weed leaves for 1 to 2 days after application. At this time, a thorough watering should be made.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in original container and keep any bags containing unused product in a locked storage area inaccessible to children and domestic animals.

CONTAINER DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

ALMACENAMIENTO Y ELIMINACIÓN

ALMACENAMIENTO DEL PESTICIDA: guarda en su envase original y mantén las bolsas que contengan producto sin utilizar en un área de almacenaje cerrada, que no esté al alcance de los niños y los animales domésticos.

ELIMINACIÓN DEL ENVASE: si está vacío: no retúnelo el envase. Bótilo a la basura o ofícialmente para reciclaje si es posible. Si está parcialmente lleno: délo al organismo local de eliminación de desechos sólidos para recibir instrucciones para la eliminación. Nunca vierte el producto sin usar en un desague de interiores o exteriores.

PRECAUTIONARY STATEMENTS Hazards to Humans and Domestic Animals

MEDIDAS DE PRECAUCIÓN

Peligroso para las personas y los animales domésticos

CAUTION: Causes moderate eye irritation. Harmful if swallowed. Avoid contact with eyes or clothing. When using this product, wear long-sleeved shirt, long pants, socks and shoes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

PRECAUCIÓN: causa irritación leve en los ojos. Es peligroso si se ingiere. Evite el contacto con los ojos o la ropa. Al utilizar este producto, usa camisa de mangas largas y pantalones largos, medias y zapatos. Lave cuidadosamente con agua y jabón después de manipular el producto y antes de comer, beber, utilizar goma de mascar o productos de tabaco.

FIRST AID/PRIMEROS AUXILIOS

If in eyes: • Hold eye open and rinse slowly and gently with water for 15 - 20 minutes.

SPREADER SETTINGS

SPREADERS AND CALIBRATION: Always apply with a rotary or drop spreader to distribute the granules evenly. Never apply by hand.

beginning, adjusting if necessary. Consult Owner's Manual. Never apply by hand.

HORARIO: 100, 150, 200, 250, 300 y 400. No saque la bolsa de semillas para cada área y no aplique este producto dentro de la línea de potos o sobre la superficie de las raíces de árboles, arbustos y otros matorrales ornamentales.
Se puede volver a sembrar o sembrar varias veces después de tres (3) semanas de la aplicación de este producto.

CUÁNTO APLICAR: para usar en: césped azul de Kentucky, festuca spp.,

SPREADER SETTINGS

SPREADERS AND CALIBRATION: Always apply with a rotary or drop spreader to distribute the granules evenly. Never apply by hand.

Coverage - To determine how much you need to apply, multiply the length of your lawn by its width. This equals your total square footage. Deduct all non-lawn areas (house, gardens, etc.). One bag covers up to 5,000 square feet.

IMPORTANT: It is important to follow directions as indicated on this quality lawn care product as over-application may cause injury to your lawn. Spreader settings are approximate. Differences may occur due to condition of spreader, speed at which applied and roughness of area treated. Be sure to check spreader before

beginning, adjusting if necessary. Consult Owner's Manual. Never apply by hand.

SINGLE PASS:

For **rotary spreaders:** Operate at intervals corresponding to the swath width.

For **drop spreaders:** Overlap the wheel tracks to ensure complete coverage.

- For best results, apply this product uniformly and avoid streaks, skips or overlaps. Walk at a steady pace to ensure even coverage. Close the spreader opening when turning to change directions or when stopping.

GRADUACIONES DEL ESPARCIDOR

ESPARCIDORES Y CALIBRACIÓN: Aplique siempre con un espardor giratorio o por voleo para distribuir los granulos uniformemente. Nunca aplique manualmente.

Cobertura: para determinar cuánto necesita aplicar, multiplique el largo por el ancho del césped. Esto es igual al área total en metros cuadrados. Reste todo el área que no sea césped (casas, jardines, etc.). Una bolsa cubre hasta 1393.55 m².

IMPORTANTE: es importante seguir las indicaciones como se muestran en este producto de calidad para el cuidado del césped, ya que aplicar más de lo debido puede dañar el césped. Las graduaciones del espardor son aproximadas. Se pueden producir diferencias debido al estado del espardor, la velocidad con la que se aplica y la asperjeza del área tratada.

RATE: 2.8 LBS/1000 SQ. FT.

BROADCAST SPREADERS

Ortho Rotary	134	Republic EZ Grow	5%	Scotts SpeedyGreen 2000	5%
True Temper	394	Scotts EdgeGuard	5%	Scotts SpeedyGreen 3000	5%
EV-N-SPRED	14	Scotts Easy Green	24%	Sta-Green SB5500	5%
Precision Rotary	5	Scotts SpeedyGreen 1000	5%	Sta-Green SB4500	5%

BROADCAST SPREADERS

For best results, apply in a circular path starting on the outside and working toward the center overlapping slightly to insure complete coverage.

DROP SPREADERS

Apply 2 strips along each end. Then apply along length of lawn, overlapping slightly and shutting off the spreader before each turn at edge of border strips.

Asegúrese de verificar el espardor antes de comenzar y haga ajustes de ser necesario. Consulte el Manual del propietario. Nunca lo aplique manualmente.

UNA SOLA PASADA: Para **esparcidores giratorios:** opere en intervalos que correspondan al ancho del área.

Para **esparcidores por voleo:** superponga los rastros de la rueda para asegurar una cobertura completa.

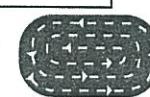

- Para mejores resultados, aplique este producto de manera uniforme y evite vetas, omisiones y superposiciones. Camine a un ritmo constante para garantizar una cobertura uniforme. Cierre la abertura del espardor cuando gira para cambiar de dirección o cuando se detiene.

DROP SPREADERS

Republic EZ	5	Scotts AccuGreen 1000	64
Ortho Drop	5	Scotts AccuGreen 3000	64
Precision Drop	6	Sta-Green DS4500	2
Scotts AccuGreen	64		

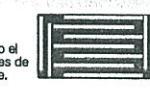

DROP SPREADERS

Para obtener mejores resultados, aplique caminando de manera circular comenzando por el exterior del césped y avanzando hacia el centro, sobreponiendo el producto levemente para asegurar una cobertura completa.

ESPARCIDORES POR VOLEO

Aplique en 2 franjas a lo largo de cada extremo. Luego, aplique en todo el césped, sobreponiendo el producto levemente y cerrando el espardor antes de cada giro en los extremos de las franjas del borde.

A BEAUTIFUL PENNINGTON LAWN

A good fertilization program can keep your lawn green and vigorous. Pennington has a wide selection of fertilizers to help you throughout the year. Un buen programa de fertilización puede mantener el césped verde y vigoroso. Pennington cuenta con una amplia selección de fertilizantes para brindarle ayuda durante todo el año.

PENNINGTON LAWN STARTER

Recommended for use when seeding, sodding, or reseeding lawns to enhance root development. Se recomienda usarlo al sembrar, cubrir de césped o volver a sembrar el césped para mejorar el desarrollo de las raíces.

PENNINGTON CRABGRASS PREVENTERS

Use these pre-emergent products to control crabgrass and many other weeds in your lawn before they germinate. Crabgrass preventers are available with or without fertilizer. Use estos productos de uso previo a la germinación a fin de controlar la dígitaria y muchas malezas de su césped antes de que germinen. Existen productos para prevenir la dígitaria con y sin fertilizante.

PENNINGTON WEED & FEED

These post-emergent products control a wide variety of existing broadleaf weeds while they feed your desirable grass. Estos productos para después de la germinación controlan una amplia variedad de malezas de hojas anchas a la vez que abonan el césped que usted desea.

PENNINGTON LAWN FERTILIZER

A high nitrogen fertilizer with iron that feeds any established lawn up to 4 months. Un fertilizante con alto contenido de nitrógeno y hierro que abona cualquier césped establecido hasta por 4 meses.

PENNINGTON CENTIPEDE & ST. AUGUSTINE WEED & FEED

This fertilizer is especially formulated to control a wide variety of broadleaf weeds in Centipede and St. Augustine lawns. Este fertilizante está especialmente formulado para controlar una amplia variedad de malezas de hojas anchas en céspedes de San Agustín y centípede.

FIRST AID/PRIMEROS AUXILIOS

If in eyes:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
Si entra en contacto con los ojos:	<ul style="list-style-type: none"> Mantenga los ojos abiertos y enjuague lenta y suavemente con agua durante 15 a 20 minutos. Retire los lentes de contacto, si los tiene puestos, después de los primeros 5 minutos, luego continúe enjuagando los ojos. Llame a un Centro de control de envenenamientos o a un médico para solicitar tratamiento.

If swallowed:	<ul style="list-style-type: none"> Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
Si se ingiere:	<ul style="list-style-type: none"> Llame inmediatamente a un Centro de control de envenenamientos o a un médico para solicitar tratamiento. Haga que la persona tome agua, si puede tragar. No induzca el vómito, a menos que se lo indique un médico o el Centro de control de envenenamientos. No administre nada por vía oral a una persona inconsciente.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-424-9300 for emergency medical treatment information. Tenga a mano el envase del producto o la etiqueta cuando llame al centro de control de envenenamientos o al médico o si acude para tratamiento. También puede llamar al 1-800-424-9300 para obtener información de tratamiento médico de emergencia.

Environmental Hazards

This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems."

Peligros para el medio ambiente

Este producto es tóxico para los invertebrados acuáticos. El sedimento y el residuo líquido pueden perjudicar a invertebrados acuáticos y a plantas que no requieren del tratamiento. Para proteger el ambiente, no permita que el pesticida entre o se escurra en desagües, zanjas, canales o aguas superficiales. Aplique el pesticida del área de tratamiento. Barra el producto que caiga sobre una entrada de garaje, acera o calle llevándolo de vuelta al área tratada del césped o jardín para evitar que se escorra hacia aguas superficiales o sistemas de drenaje.
