ANIMAL B GON™

ALL PURPOSE

ANIMAL REPELLENT

READY-TO-USE REPELENTE CONTRA ANIMALES TODO PROPÓSITO LISTO PARA USAR

Long Lasting • “No Stink” Formula

EASY STEPS TO PROTECT YOUR YARD AND GARDEN FROM RABBITS, GROUNDHOGS, SQUIRRELS AND OTHER SMALL HERBIVORES!

DIRECTIONS:

- **Shake container well before using.** Product is ready to use and does not need to be mixed or diluted.
- Remove sprayer and unwrap hose completely. Insert red plug at end of hose into spout on cap until it clicks. Flip up spout. Spout must remain up while spraying.
- Point sprayer away from body. Grasp sprayer by handle and slowly pull ring at the bottom of the sprayer handle until it stops and hold for 2 seconds to ready the sprayer.
- Twist nozzle at end of sprayer to adjust spray pattern. Press and hold button on sprayer to begin spraying. Pull ring at sprayer bottom again as needed to continue spraying.
- Lightly spray plant leaves, stems, flowers and branches that need protection, making sure plants are covered. Do not overspray. When using on edible crops, apply the product when no above-ground harvestable food commodities are present, including blossoms.
- Allow 20 minutes for this product to dry before watering of any kind.
- Repeat application as needed, usually every 30 days or at first sight of new damage.

This product can be applied in any climate or temperature as long as spray head and liquid are not frozen. If product freezes, return to room temperature and use according to directions.
