Flea & Tick Spray for Dogs & Cats

Kills the following listed insects on contact: Fleas (adults, larvae, and eggs), Ticks (that may carry and transmit Lyme Disease), Brown Dog Ticks, Lone Star Ticks, Deer Ticks, Other Ixodid species, American Dog Ticks, Gulf Coast Ticks and Lice

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
READ ENTIRE LABEL BEFORE EACH USE

USE RESTRICTIONS:

• THIS PRODUCT IS FOR INDOOR USE ONLY • USE ONLY ON DOGS AND CATS. CONSULT A VETERINARIAN BEFORE USING THIS PRODUCT ON DEBILITATED, AGED, PREGNANT OR NURSING ANIMALS. Not for use in outdoor residential misting systems (indoor or outdoor) or outdoor metered release systems
• DO NOT TREAT DOGS UNDER 6 MONTHS OF AGE WITH THIS PRODUCT • DO NOT TREAT CATS UNDER 7 MONTHS OF AGE WITH THIS PRODUCT • Do not use in aircraft cabins • Do not wet articles to point of runoff or drip • Do not use treated articles until spray has dried • Application of this product is prohibited directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

FOR PETS: Cover animal's eyes with a hand. Do not spray directly on mouth, nose, or eyes. Spray head, ears, and chest until damp. With finger tips, rub into face and around mouth, nose, and eyes. Then spray from neck to tail, finishing legs last. For best penetration of spray to skin

Mon - Fri, 9am to 5pm EST.

and on heavy-coated animals, direct spray against the natural lay of the hair, spraying the ruffled hair directly behind the hand. Make sure the spray thoroughly wets ticks. When used on miniature and toy breeds of dogs or on cats, towel-dry the animal after 1/2 hour if not totally dry. Avoid contact with genitalia. Repeat as required, but not more often than once every 7 days.

FOR PUPPIES OVER 6 MONTHS AND KITTENS OVER 7 MONTHS: Wrap the animal in a towel that has been sprayed lightly with this product. Leave eyes, nose, and mouth exposed. Put some spray on the finger and gently rub around eyes, nose, and mouth area. Keep animal wrapped for 5 to 10 minutes. Fleas may then be removed from the coat by picking or combing. For best results, all dogs and cats should be treated with a similar flea control product to prevent reinfestation. Do not spray directly on puppies and kittens. Avoid contact with genitalia. Repeat as required, but not more often than once every 7 days. Sensitivities may occur after using any pesticide product on pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

PREMISE TREATMENTS: For surface application apply no more than 0.01 lbs. MGK 264/1,000 sq. ft. or 20 oz. of this product / 1,000 sq. ft. For crack and crevice treatments apply no more than 100 oz. of this product per 1,000 sq. ft.

FOR USE IN INDOOR PET AREAS AND OTHER INDOOR AREAS WHERE PETS FREQUENT: Treat pet bedding and other pet resting areas as these are primary hiding areas for fleas and ticks. To reduce infestation, spray around sleeping areas and baseboards, window and door frames, wall cracks, local areas of floors, and other resting places until the surface is slightly moist. Also spray the entire inside surface of animal holding areas. For best results, treat pet bedding, animal quarters, and other resting areas. No need to remove pet bedding after treatment.

Do not allow pets to use treated areas until completely dry.

TO KILL OTHER LISTED PESTS: Apply as a direct spray to kill accessible stages of listed insects. Spray to thoroughly wet exposed insects. Direct spray into hiding places, cracks, and crevices, and along baseboards and around door and window frames.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Keep this product in its tightly closed original container when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals, and food and pet food.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.
