Kills Roaches Indoors or Outdoors

Effective Against Major Species of Roaches

Easy to Use

Kills the Roaches You See. Kills the Roaches You Don't See

Re-Sealable Tube Keeps Bait Fresh

READ THE LABEL FIRST!

PRODUCT FACTS

Kills	Cockroaches (including German and Americans)
Where to use	In and around homes and other buildings/structures where cockroaches have infested or where they travel to seek food, water or shelter
When to use	When cockroaches are observed or there is evidence of an infestation in/around a home, building or structure For information or comments call 1-888-638-7668

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on this label.

BACKGROUND INFORMATION:

DuPont™ Indoxacarb Cockroach Gel is a ready-to-use highly attractive gel bait formulation that is very effective in controlling German and American cockroaches..

BEFORE YOU START

- Apply to areas not easily accessible to children and pets.
- Do not apply Indoxacarb Cockroach Gel bait to surfaces recently treated with residual insecticide sprays.
- Surfaces treated with Indoxacarb Cockroach Gel bait must not be treated with insecticidal sprays, as the bait will be rendered ineffective.
- Do not apply in or on electrical equipment due to the possibility of shock.
- Do not apply to surfaces that food contacts.
- Do not allow open foods to contact gel material.
- Do not apply in locations of high temperature or direct sunlight.
- Gel deposits may be cleaned up by using damp paper towel or rag while still wet, or if dried has dried use putty knife to scrape and discard in trash.

HOW IT WORKS

DuPont™ Indoxacarb Cockroach Gel bait contains the active ingredient indoxacarb, in a formulation that is highly attractive to German and American cockroaches.

The handy applicator makes it easy to apply small placements of gel. For high cockroach densities, more placements also allow more cockroaches to eat at the same time.

WHERE TO USE

Indoors:

- Kitchens
- Bathrooms
- Laundry rooms
- Basements
- Garages
- May be used indoors or outdoors as a crack and crevice treatment in and around single and multi-family residential buildings.
- Apply to areas roaches are commonly found such as:
 - Under sinks and around plumbing and pipes
 - To drawers and cabinet corners where roaches are known to hide
 - Equipment legs and bases including behind and under appliances such as ovens, refrigerators and washers
 - Openings leading into voids, cracks and hollow spaces in floors, walls and ceilings
 - Trashcans
 - Behind toilets
 - Baseboards, doors and windows

- Do not apply in locations of high temperature or direct sunlight
- Inspect bait placements periodically and apply fresh bait as needed.

Outdoors:

- A thorough inspection around a structure may reveal areas where cockroaches are gaining access. Attempts should be made to remove the access.
- Apply DuPont™ Indoxacarb Cockroach Gel bait as a spot or thin bead (see above) to pest entry sites such as along windows, doors, sewer areas, adjacent trees which harbor cockroaches, along walls, garbage holding areas, or suitable placement sites acting as a cockroach harborage.
- Place baits in such a way as to reduce the potential of subsequent human contact.

HOW MUCH TO APPLY

For spot or gel dot applications:

- For heavy infestations of roaches, apply 3 to 5 spots of Indoxacarb Cockroach Gel bait per 10 linear feet or one square yard.
- For light to moderate infestations of roaches, apply 1-3 spots of bait per 10 linear feet or one square yard.
- Each spot of Indoxacarb Cockroach applied should be approximately 1/4 inch diameter.

To apply a bead of gel:

- For all levels of roach infestations, when a bead of Indoxacarb Cockroach Gel bait is used, apply a small thin strip that is less than 1/8 inches wide and approximately 2 inches long.
- Inspect bait placements periodically and reapply fresh bait as needed.

HOW TO APPLY

1. Remove cap from syringe.
2. Place syringe tip at surface to be treated.
3. Gently squeeze plastic plunger to create multiple spots of gel about the size of a pea or apply as a line or strip. When finished, lift syringe tip from surface, and replace cap to close.
4. Keep the cap on the tube to prevent from drying out.
5. For convenience, you can store tube standing up.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store in cool, dry place inaccessible to children and pets.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling:

Nonrefillable container. Do not reuse or refill the gel bait dispenser. Place empty bait dispensers in trash, offer for recycling, or call your local solid waste authority or 1-800-638-7668 for disposal instructions.

Do not transport if this container is damaged or leaking. If the container is damaged, leaking or obsolete, or in the event of a major spill, fire or other emergency, contact DuPont at 1-800-441-3637, day or night.

NOTICE TO BUYER--Purchase of this material does not confer any rights under patents of countries outside of the United States.

DuPont will not be responsible for losses or damages resulting from use of this product in any manner not specifically stated on this label or other labels or bulletins published by DuPont.

User assumes all risks associated with such non-specified use.

LIMITATION OF WARRANTY AND LIABILITY

NOTICE: Read This Limitation of Warranty and Liability Before Buying or Using This Product. If the Terms Are Not Acceptable, Return the Product at Once, Unopened, and the Purchase Price Will Be Refunded.

It is impossible to eliminate all risks associated with the use of this product. Such risks may arise from factors such as weather conditions, soil factors, off target movement, unconventional technique, presence of other materials, the manner of use or application, or other unknown factors, all of which are beyond the control of DuPont or Seller. These risks can cause: ineffectiveness of the product or other unintended consequences.

WHEN YOU BUY OR USE THIS PRODUCT, YOU AGREE TO ACCEPT THESE RISKS.

DuPont warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for the purpose stated in the Directions for Use, subject to the inherent risks described above, when used in accordance with the Directions for Use under normal conditions.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, DUPONT MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR OF MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, IN NO EVENT SHALL DUPONT OR SELLER BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. BUYER'S OR USER'S BARGAINED FOR EXPECTATION IS PEST CONTROL. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER AND THE EXCLUSIVE LIABILITY OF DUPONT OR SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY OR CONTRACT, NEGLIGENCE, TORT, OR STRICT LIABILITY RESULTING FROM THE STORAGE, USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT, OR AT THE ELECTION OF DUPONT OR SELLER, THE REPLACEMENT OF THE PRODUCT.

To the extent consistent with applicable law that allows such requirement, DuPont or its distributor must have prompt notice of any claim so that an immediate investigation of buyer's or user's claim can be made. Buyer and all users shall promptly notify DuPont or a DuPont distributor of any claims, whether based on contract, negligence, strict liability, other tort or otherwise or be barred from any remedy.

This Limitation of Warranty and Liability may not be amended by any oral or written agreement.
