**STORAGE AND DISPOSAL**  
Do not contaminate water, food or feed by storage or disposal.  
**Pesticide Storage:** Store in a dry place, below 130 °F. Do not store where children or animals may gain access.  
**Container Handling and Disposal:** Non-refillable container. Do not reuse this container. Place in or offer for recycling if available. If partly filled, call your local solid waste agency for disposal instructions.

1. Remove bait from package.  
2. Punch in semi-perforated holes.  
3. Place stations where ants are seen or ant activity is suspected to occur.  
4. Do not place on food preparation surfaces when food is being handled or on utensils that are used for food preparation.  
Remove other sources of food, like crumbs, sugar and grease spots. Common areas to place baits include: at corners of rooms and cabinets, on countertops, under and behind appliances, under sinks, around pipes and party, on window sills and around doorways, near garbage cans, and along ant trails. For lawn and garden, near nests. Space stations 10-20 feet apart.  
**Food Processing and Handling Establishments:** Food areas include serving areas while the establishments are receiving, storing, packing, and preparation, and edible waste storage and enclosed processing systems. Do not use as instructed above.

It is a violation of federal law to use this product in a manner inconsistent with its labeling.  
**DIRECTIONS FOR USE:**  
KILLS ANTS, INCLUDING ACROBAT, ALLEHENY, ARGENTINE, BIG-HEADED, CORNFIELD, CRAZY, GHOST, LITTLE BLACK, ODOROUS HOUSE, PAVEMENT, PHAROAH, PYRAMID, THIEF AND WHITE-FOOTED ANTS, (EXCLUDES FIRE, CARPENTER & HARVESTER ANTS).  
For use in and around homes, apartments, commercial, industrial, municipal, institutional, research, recreational, health care, educational, daycare, hospitality and agricultural buildings and other man-made structures, garages, transport vehicles, sewers, animal research facilities, and food service, storage, handling and processing establishments.

**FIRST AID**  
If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes.  
• Remove contact lenses, if present, after the first five minutes, then continue rinsing.  
• Call a poison control center or doctor for treatment advice.  
Have the product or label with you when calling a Poison Control Center or doctor or going for treatment.  
In case of emergency, for additional information call 800 858 7378.

**ENVIRONMENTAL HAZARDS**  
To protect the environment, do not allow bait to enter or run off into storm drains, drainage ditches, gutters or surface waters.  
Hazard to Humans and Domestic Animals: CAUTION: Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after use and before eating, drinking, chewing gum, using tobacco or using the toilet.

**Warranty Limitations and Disclaimer**  
To the extent consistent with applicable law, manufacturer shall not be liable for any consequential damages based on the use of the product. Specifically stated herein, to the extent consistent with applicable law, manufacturer shall not be liable for any consequential damages based on the use of the product.

**Container Handling and Disposal:** If empty, Non-refillable container. Do not reuse this container. Place in trash or other for recycling if available. Do not contaminate water, food or feed by storage or disposal.

**Food Processing and Handling Establishments:** Food areas include serving areas while the establishment is in operation, areas for receiving, packing, and preparation, and edible waste storage and enclosed processing systems. Do not contaminate food and feedstuffs. Use as instructed above.

**Helpful Tips:** Do not place bait stations where insecticide has recently been sprayed, as pests may avoid the bait stations. For large areas or heavy infestations, additional bait stations are recommended. Replace bait stations once most of the bait has been eaten, or at least every three months to keep pests from coming back.

Remove other sources of food like crumbs, sugar and grease spots. Common areas to place baits include: along baseboards, in corners of rooms and cabinets, on countertops, under and behind appliances, under sinks, around pipes and water sources, in pantry, on window sills and around doorways, near garbage cans, and along pest trails.

1. Remove bait from package and break bait stations apart.  
2. Peel label off of adhesive sticker on the back of the station.  
3. Place bait station on floor or in areas where pests are seen or suspected to occur.  
4. Do not place on food preparation surfaces when food is being handled or on utensils that are used for food preparation.

For use in and around homes, apartments, commercial, industrial, municipal, institutional, research, recreational, health care, educational, daycare, hospital, and agricultural buildings and other man-made structures, garages, transport vehicles, sewers, animal research facilities, health care, educational, daycare, hospital, PYRAMID, THIEF & WHITE-FOOTED ANTS, (EXCLUDES FIRE, CARPENTER & HARVESTER ANTS)
