TOTAL NET WT 0.95 OZ (27g)

1 CONTAINS SYRINGE

COMBAT MAX®

- ✓ Kills Fast
- ✓ Indoor & Outdoor
- ✓ Effective Against Argentine, Cornfield, White Footed, Odorous House, Pavement And Little Black Ants

ANT KILLING GEL

HOW COMBAT MAX® ANT KILLING GEL WORKS:

This product provides **FAST CONTROL** of Ants* in 3-5 days. This product is formulated to effectively control Ants*. That's because this product contains Fipronil, a fast-acting active ingredient. Its speed is still slow enough, however, for foraging ants to return to the colony and feed the bait to larvae and queen(s) so that the entire colony is killed.

DIRECTIONS FOR USE:

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING. APPLICATION RATE IS DEPENDENT ON LEVEL OF INFESTATION AND SPECIES TO BE CONTROLLED. BAIT SHOULD BE APPLIED AS SPOTS. KEEP EXPOSED GEL AWAY FROM OPEN FOODS AND FOOD CONTACT SURFACES.

1. To apply gel: Remove cap from tip, touch tip to surface and depress plunger. Recap tube after use.
2. Apply gel in spots in cracks and crevices. For best results, make many spots or dabs of gel where you see ants foraging and entering the structure.
3. Do not apply gel to areas which have been recently sprayed with insecticide or contaminated with foggers, and do not spray insecticide over gel as this may cause the bait to become repellent.
4. Inspect placements and reapply as needed.

FOR INDOOR USE:

Visually inspect for ants and place gel in areas where you see ants. Do not place bait in locations that are frequently washed, as bait will be removed by washing. Do not treat food preparation surfaces. Do not use this product in or on electrical equipment where a possibility of shock hazard exists.

FOR OUTDOOR USE:

Place gel into or on adjacent to structures where you see ants, next to ant trails and suspected areas of ant activity.

STORAGE AND DISPOSAL: PESTICIDE STORAGE: Store in a cool, dry area out of reach of children. CONTAINER HANDLING: **If empty:** Nonrefillable container. Do not reuse or refill this container. Recap syringe and offer for recycling if available. If recycling is not available, place in trash. **If partially filled:** Recap syringe and call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain. COMBAT® INFORMATION HELPLINE: 1-800-426-6228.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. CAUTION: Harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. PHYSICAL OR CHEMICAL HAZARDS: Do not use this product in or on electrical equipment where a possibility of shock hazard exists. FIRST AID: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-426-6228 for emergency medical treatment information.

*Excluding carpenter, pharaoh, fire and harvester ants.
