PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

FIRST AID

IF IN EYES:

- Hold eyes open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing eye.
- Call a physician or poison control center for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

You may also contact CHEMTEL at 1-800-255-3924 for emergency medical treatment information. This product is identified as Rainbow® Johnson Grass & Weed Killer Foam, EPA Reg. No. 87093-3-13283.

Environmental Hazards

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting. Do not mix or allow product to come into contact with oxidizing agent. Hazardous chemical reaction may occur.

NOTICE: Read and follow all label directions carefully. To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions for use. Product guaranteed to the extent of purchase price, only when used according to label directions.

NET CONTENTS: 19.0 oz

EPA Reg. No. 87093-3-13283
EPA Est. No. 44446-TX-1

SHAKE WELL

CAN MUST BE UPSIDE DOWN TO APPLY

HOW IT WORKS: Rainbow® Johnson Grass & Weed Killer Foam contains glyphosate to kill all types of weeds and grasses. Once glyphosate enters the plant it moves systemically to the roots to kill the weeds and grass. The foam application allows for accurate application to the weed or grass, while avoiding unwanted drift to desired plants. Weeds and grass begin to wilt within hours, yellow and are typically completely killed in 1-2 weeks.

WHAT TO KNOW: This product foams upon contact with the target weed to allow you to see where it was applied. The foam application eliminates drift to desired plants and allows for accurate targeting of weeds in tough to reach places. Target weeds and not flowers in areas such as flower beds and gardens.

Rainproof: This product is rain or waterproof within 10 minutes after application. The rain or water will not wash away effectiveness.

WHERE TO USE: Perfect for targeting weeds in flower beds, vegetable gardens, ornamental landscapes and more. Ideal to use for edging along ornamental landscapes, driveways, walks, fences and more. Allows for spot treatment of weeds and grass found in driveways, patios, mulch, gravel, around trees/shrubs and more. Kills weeds in tough to reach places.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read entire label. Use strictly in accordance with label precautionary statements and directions.

People and pets must wait until spray has dried to enter treated area.

HOW TO APPLY: SHAKE WELL BEFORE EACH USE AND BEFORE EACH SPRAY. The can must be upside down to apply. Do not press the button if can is in the upright position. Hold can with arm outstretched, point at target weed (ideally 1-2 feet away from weed), spray briefly to cover the center of the weed with foam. Ensure not to overspray. Reevaluate treated weed in 4 weeks to see if killed. If not, re-apply.

WHEN TO APPLY: Apply during active weed growth and during calm or low wind periods. For best results, apply during warm, sunny weather (above 60° F). If product drips or is applied to desirable plants accidentally, rinse immediately with water.

WHEN TO REPLANT: You can plant any ornamental flower, tree or shrub 1 day after application. Please wait 3 days to plant herbs, vegetables (all) and fruits. Please wait 7 days to reseed treated lawn areas.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a secure location away from heat and open flame. Store in a cool, dry area. Always store pesticides in the original container away from food and pet food.
PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do not puncture or incinerate! Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling, if available. DO NOT PUNCTURE! **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
