SHAKE WELL BEFORE USING

STOP. READ ENTIRE LABEL BEFORE USE.

**DIRECTIONS FOR USE**It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **Never use indoors.****USE RESTRICTIONS****• THIS PRODUCT IS FOR OUTDOOR USE ONLY.**

All outdoor spray applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

1. Application to pervious surfaces such as soil, lawn, turf and other vegetation; 2. Perimeter band treatments of 7 ft wide or less from the base of a man-made structure to pervious surfaces (e.g., soil, mulch or lawn); 3. Applications to underside of eaves, soffits, doors or windows permanently protected from rainfall by a covering, overhang, awning or other structure; 4. Applications around potential exterior pest entry points into man-made structures such as doorways and windows, when limited to a band not to exceed 1 inch; 5. Applications to vertical surfaces (such as the side of a man-made structure) directly above impervious surfaces (e.g., driveways, sidewalks, etc.), up to 2 ft above ground level; 6. Applications to vertical surfaces directly above pervious surfaces, such as soil, lawn, turf, mulch or other vegetation) only if the pervious surface does not drain into ditches, storm drains, gutters or surface waters.

Spot treatments must not exceed 2 sq ft in size (for example, 2 ft x 1 ft or 4 ft x 0.5 ft). • For soil or foliar applications, do not apply by ground within 25 ft of lakes, reservoirs, rivers, permanent streams, marshes or natural ponds, estuaries and commercial fish farm ponds. • Do not spray the product into fish pools, ponds, streams or lakes. Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. • Do not allow the product to enter any drain during or after application. • Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways and patios except as a spot or crack-and-crevice treatment. • Do not apply or irrigate to the point of runoff. • Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application. • Treat surfaces to ensure thorough coverage but avoid runoff. • To treat insects harbored in voids and cracks and crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants. • Do not apply when the wind speed is greater than 15 mph.

**Application Information****WASPS, HORNETS, MUD DAUBERS AND YELLOWJACKETS:**

1. Apply at sunset when insects are least active. To avoid contact with pesticide, apply with wind at your back. 2. Shake can well before each use. 3. Stand up to 20 feet away from nest. Aim at nest and push button to begin spraying. Slowly walk towards the nest while continuing to spray until nest is soaked. Do not stand directly underneath nest. 4. Focus spray on the nest. Do not target individual wasps, hornets, mud daubers or yellowjackets. 5. Wait at least 24 hours before removing the nest.

**Use of this product on evergreen and holly is not recommended as damage may result.**

\*This product is non-staining to most home siding depending on age and cleanliness. Before using in areas where the spray may contact home siding, test in an inconspicuous area and recheck in a few hours.

**OTHER PESTS • Tent Caterpillars:** Apply in the late afternoon or evening when caterpillars have returned to their tents. Soak tents on all sides. **Spiders and Scorpions:** Stand at a safe distance and use the power of the jet spray to reach and cover the spider or scorpion. **Ants (excluding Fire Ants and Pharaoh Ants):** Spray trails, nest and point of entry. Spray on ants where possible.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. **Pesticide Storage:** Store in a cool, dry (preferably locked) place that is away from heat or open flame, and in an area that is inaccessible to children and pets. **Pesticide Disposal and Container Handling:** Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Do not pour or dispose down the drain or sewer. Call your local solid waste agency for disposal instructions.

**PRECAUTIONARY STATEMENTS****Hazards to Humans and Domestic Animals**

**CAUTION.** Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

**User Safety Recommendations**

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

**Environmental Hazards •** This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwaters. • This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging the treatment area.

**Physical and Chemical Hazards •** Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

**NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions. Questions or Comments?** Call 1-800-917-5423.
