

**Directions for Use****SHAKE WELL BEFORE USING**

Apply Shake-Away® Rodent Repellent Granules twice a week for the first two weeks, then twice a month for maintenance.

Allow up to a two-week period for Shake-Away® Rodent Repellent Granules to take full effect.

**Burrowing Rodents – Mice, Voles, Shrews, and Rats:**

Sprinkle Shake-Away® Rodent Repellent Granules directly into every hole you find in your yard, flower beds, along foundations, etc.

**Squirrels and Chipmunks:**

Apply Shake-Away® Rodent Repellent Granules in and around the areas where animals are causing damage, or in areas you want to protect.

**Outside of Buildings:**

Sprinkle Shake-Away® Rodent Repellent Granules near small cracks or openings along the foundation of your house, garage, shed, or other buildings where rodents may get in.

**In attics, basements, garages, or sheds:**

Place two to four ounces of Shake-Away® Rodent Repellent Granules on a paper plate or other open container such as a plastic or paper bowl. Place one open container per every 8' x 10' area (80 sq. ft.) where critters are getting in or frequenting. Replace every 2 weeks or as needed.

**Coverage:** Use one ounce of Shake-Away® Rodent Repellent Granules for every 30 linear feet. Each bottle of Shake-Away Rodent Repellent Granules will cover up to 2,400 linear feet when applied as directed.

Easy  
To Use  
**Repels  
Mice**
