

EPA Reg. No.: 85787-1-39039 EPA Est. No. 85787-VNM-001 Net Content: 1 roll Net Wt.: 13.2 lbs. (6kg)

Active Ingredients	w/w
Deltamethrin Technical Grade	0.4%
Other Ingredients	99.6%
TOTAL	100%

READ ENTIRE LABEL & INSTALLATION GUIDE BEFORE USE. USE ONLY FOR PROTECTION OF LIVESTOCK

**Precautionary Statements:
KEEP OUT OF REACH OF CHILDREN
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if swallowed, absorbed through skin or inhaled, Avoid contact with skin, eyes or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Each roll of the screen is 328 ft. (100 m) in length and 3.3 ft. (1.5 m) in width

USE RESTRICTIONS

Do not open the original packing until ready to use. Do not allow children to handle the product. The screen is intended for use only as a carrier of the incorporated insecticide and is not to be taken internally by humans or animals.

**Sewed label:
8.5 x 7.5 cm**

Directions for Use: Attach screen to the perimeter of animal shelter as directed in the Installation Guidelines included with the full label.

Care and Washing Instructions: The dust accumulated on the screen can be washed by using mild non alkaline soap and with soft brushing. The effectiveness of the screen may get affected by dust accumulation and hence regular cleaning of the fence is recommended.

STORAGE AND DISPOSAL

Pesticide Storage: Store the product in its original packing till the time of actual use. Store the product in a cool, dry place away from children and pets.

Pesticide Disposal and Container Handling: Do not reuse the container or packaging. Do not use the used screen for any other purpose other the intended and recommended use. The used screen can be shredded and then disposed of into the trash.

Dimensions: 328 ft. (100 m) long 3.3 ft. (1 m) wide

D-TERRENCE Kills Stable Flies

D-Terrence®, containing deltamethrin insecticide has been specially formulated using patented insecticide release technology. The screen kills stable flies (*Stomoxys* spp.) that may negatively affect livestock and other enclosed/secured animals. Stable flies are killed when they land on the screen where they contact and absorb the insecticide.

INSTALLATION GUIDELINE

1

Measure each side of shelter / shed / pen / sty.
Determine total length of fabric required.
Measure height of shelter to be covered.

2

Unroll fabric. Cut desired length (plus additional 1 1/2 ft. (50 cm)), then roll the cut piece so it will be easier to handle during installation. Shake loose dirt from fabric before installing.

3

Start attaching at edge of entry gate of shelter by securely fastening from bottom to top.

4

Keep bottom 4 inches (10cm) above ground before fastening. If shelter height is less than 3.28 ft. (1m) fold fabric inward at top. Do not fold bottom.

5

Attach fastener through fabric and structure, securing the fabric.

6

Roll out fabric as needed. Make sure it is straight and tight against structure of shelter.

7

Continue fastening on top of structure. Space 2-2 1/2 ft. (60-70 cm) apart. Keep fabric tight.

8

Once top is secure for a few yards (meters) pull fabric tight from below and fasten at bottom. Attach one section top and bottom then unroll as needed.

9

Keep fabric tight both vertically and horizontally. Do not let fabric sag. Do not stretch.

10

Continue attaching around perimeter of shelter. Measure, cut and attach a separate piece of fabric to the gate. Cut fabric if necessary around other construction features.

Special Conditions

Install fabric flush to top of concrete or brick wall. Ensure that no space is left open.

Maintenance

Occasionally brush or wash fabric to prevent build-up of dust and dirt that will interfere with action of insecticide.

FIRST AID

If swallowed	Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
If on skin or clothing	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.
If inhaled	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for further treatment advice.

For incidents involving HUMANS call ChemTel Inc., 1-800-255-3924
For incidents involving ANIMALS call ChemTel Inc., 1-800-255-3924

Note to Physicians and Veterinarians: This product contains Deltamethrin Technical (a synthetic pyrethroid) which inhibits the sodium channel. Symptoms may include excitement, gastro-intestinal discomfort, dizziness, excessive sweating, listlessness, headache, nausea and vomiting and muscular fasciculation of limbs. Initial treatment should be symptomatic and supportive. There is no specific antidote. Contraindication: Atropine and derivatives of adrenaline. **Have the product container or label with you when calling a poison control center or doctor or going for treatment.**

D-Terrence, containing deltamethrin insecticide has been specially formulated using patented insecticide release technology. The screen kills stable flies (*Stomoxys* spp.) that may negatively affect livestock and other enclosed/secured animals. Stable flies are killed when they land on the screen where they contact and absorb the insecticide.

Prior to installation of the screen, measure the entire perimeter of the enclosure, including larval habitat. Cut the suitable dimensions of the screen and install it against the perimeter of the enclosure/area demarked by using nails, heavy duty staples or other fasteners depending on structure. The dust accumulated on the screen can be washed by using mild non alkaline soap and with soft brushing. The effectiveness of the screen may get affected by dust accumulation and hence regular cleaning of the fence is recommended.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **Pesticide Storage:** Store the product in its original packing till the time of actual use. Store the product in a cool, dry place away from children and pets. **Pesticide Disposal and Container Handling:** Do not reuse the container or packaging. Do not use the used screen for any other purpose other the intended and recommended use. The used screen can be shredded and then disposed of in to the trash.
