

**To Work Effectively, Must Use A
Broadcast Lawn Spreader!**

Application settings: Each spreader has holes that dispenses the product. Each spreader may vary, so we are using this method to help you use our repellent. Please look at your spreader and see how the distribution holes open and close. **SET your Spreader setting to 60% OPEN.** Apply over entire area where you see gopher holes. Also drop 1/2 cup of Gopher Scram into the holes. Water the affected area where Gopher Scram™ has been sprinkled (or spread) for approx. 20 minutes. Repeat in 10 days and then again in 30 days.

PRECAUTIONARY STATEMENTS: Wash skin after use. Avoid contact with eyes or cuts. If in eyes, flush with water 15-20 minutes. *Call Poison Center or doctor for treatment.* **Storage:** Store in original sealed container. Do not contaminate water by storage or disposal. Do not use on food or feed crops. Do not apply directly to water. **Disposal:** Do not reuse empty container. Dispose of properly. Buyer assumes all responsibility for safety and use not in accordance with directions.
