KEEP DOGS AWAY NATURALLY!

Scram for Dogs™ is specially formulated to NATURALLY train dogs to avoid treated areas. Our unique **organic** formula provides strong, natural repelling power without harming people, pets or the environment. *And of course, is fully backed by EPIC's industry-best **100% GUARANTEE!***

Scram For Dogs™ is an excellent repellent and training aid for your own pet or intruding animals. Our product will prevent dogs from digging holes in gardens or near fences. It will also mask odors that attract dogs to habitually visit areas for urinating/defecating in lawns, near curbs, around garbage cans & in flower beds.

THREE EASY STEPS TO APPLY:

- 1** Before applying, turn bag upside down and shake the closed bag vigorously
- 2** Apply by shaking granules in and around the area to be protected.
The product should repel dogs immediately and quickly train them to avoid treated areas. If necessary, reapply as needed until product is effective and avoidance training is demonstrated.
- 3** Once repelling action is well established, reapply every two or three weeks. Reapply after heavy rains.

May be used in any climate or temperature. FOR OUTDOOR USE ONLY

Provides 600 SQ. FT. OF PROTECTION Per Pound!
