E-Z POOL[®]

CONCENTRATED POOL BLEND

Formulated for compatibility and use with traditional sanitizers including chlorine, bromine, ozone, UV and chlorine generators (salt)

CAUTION

KEEP OUT OF REACH OF CHILDREN
See back panel for additional precautionary statements.

EPA REG. No. 70131-1
EPA EST. No. 37360-TN-1

SO SIMPLE!
Just add once-a-week

ACTIVE INGREDIENT:

Copper Sulfate Pentahydrate* 1.6%
Other Ingredients 98.4%
Total: 100.0%

*CAS No. 7758-99-9
Metallic Copper Equivalent 0.4%

NET WEIGHT: 20 lbs. (9.07 kg)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Wear long sleeved shirt and long pants, socks, shoes and chemical resistant gloves (such as or made out of any waterproof material, selection category A).

USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates and may contaminate water through runoff. This product has a potential for runoff for several months or more after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains this product. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State Or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

FOR RESIDENTIAL USE E-Z STARTUP

1. TEST AND REVIVE![®]

Take a water sample to your Authorized Dealer for testing. Treat pool water with Revive! to remove phosphates, metals, debris and to activate the No Algae Guarantee.

2. VACUUM AND BALANCE

Once debris completely settles (typically 24 hours), vacuum pool bottom, thoroughly clean filter, then balance pool water as follows

Calcium Hardness: 350 ppm (min)
pH: 7.2 – 7.6
Total Alkalinity: 80 – 120 ppm

3. E-Z DAY

NOTE: At the beginning of each season, and for all new pools, a double-dose is required on the initial application to "charge" the water.

Add **E-Z POOL** to pool water according to dosage chart, preferably near a return jet, and add sanitizer in accordance with product directions to skimmer, feeder or floater to maintain desired level. Chlorine Generators (salt): Add stabilizer to maintain 50 ppm and adjust generator setting accordingly.

WEEKLY: Repeat E-Z DAY

MONTHLY: Take a water sample to your Authorized Dealer for testing.

ABOVE GROUND POOLS

NOTE: Fill scoop to "fill line." (equals approximately one-half pound)

| Pool Size | Est. Gallons | Dose per Week E-Z POOL |
|--------------|--------------|---------------------------|
| 15 ft. round | 5,738 | 2 scoops |
| 18 ft. round | 8,232 | 2 scoops |
| 21 ft. round | 12,214 | 3 scoops |
| 24 ft. round | 14,650 | 4 scoops |
| 27 ft. round | 18,559 | 4 scoops |
| 30 ft. round | 21,000 | 5 scoops |
| 33 ft. round | 26,600 | 6 scoops |
| 15 x 30 oval | 13,029 | 3 scoops |
| 18 x 33 oval | 16,866 | 4 scoops |

IN GROUND POOLS

NOTE: Fill scoop to "fill line." (equals approximately one-half pound)

| Pool Size | Est. Gallons | Dose per Week E-Z POOL |
|---------------|--------------|---------------------------|
| 12 x 23 rect. | 8,100 | 2 scoops |
| 14 x 26 rect. | 10,250 | 3 scoops |
| 16 x 32 rect. | 18,350 | 4 scoops |
| 18 x 36 rect. | 22,400 | 5 scoops |
| 20 x 40 rect. | 28,800 | 6 scoops |
| 17 x 35 oval | 19,500 | 5 scoops |
| 21 x 41 oval | 27,800 | 6 scoops |

NOTE: When using with chlorine generators (salt), mineral purifiers, or ozone/UV systems, use 50% of dosage listed in chart weekly.

WINTERIZING (pool closing)

E-Z POOL simplifies seasonal pool closings / winterizing for TRADITIONAL CHLORINE, BROMINE, SALT WATER, or **E-Z POOL** treated pools in one E-Z application. No pre-treating or balancing is needed — just add **E-Z POOL** to oxidize contaminants and protect from algae through the winter season. Spring openings are faster, water is clearer and you can swim sooner with **E-Z POOL** winterizing.

WINTERIZING DOSAGE: Apply 1lb (2 scoops) per 5,000 gallons.

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferable mouth-to-mouth if possible. Call a poison control center or a doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-255-3924 for emergency medical treatment information

STORAGE AND DISPOSAL

Do not contaminate food or feed by storage or disposal or cleaning of equipment.

PESTICIDE STORAGE: Keep this product dry in the enclosed container when not in use. Do not replace moist scoop into container. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container(s), (if possible), and flood area with large amounts of water to dissolve all materials before discarding this container. Do not reuse empty container but place in trash collection.

CONTAINER DISPOSAL: Do not reuse empty container but place in trash collection after rinsing with water. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of the smoke.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
