PULVERIZE®

WEED & GRASS KILLER

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Pulverize Weed & Grass Killer is a fast-acting weed, grass, algae and moss killer. Incidental over spray will not stain concrete or pavement. Pulverize Weed & Grass Killer is a non-selective herbicide that controls many common annual weeds. Pulverize Weed & Grass Killer suppresses the growth of some bi-annual and perennial weeds. It can be used in cultivated areas prior to planting grass or flowers. Areas can be re-sown five days after treatment. Pulverize Weed & Grass Killer can be used at any time during the year. Best results are obtained with young, actively growing weeds, less than five inches in size.

Shake well before using. Do not dilute. Spray weeds and grasses thoroughly when weather is dry and warm (application rate: 6-9 oz/yd^2). If rain falls within three hours of application an additional application may be required. Repeat treatment every 2 to 3 weeks for control of new growth. Avoid spraying desirable plants. For optimum results spray weeds before they reach 5 inches in size. For control of dandelions and other large rooted weeds, first injure plant by splitting top of root, then squirt 20 times with sprayer set on stream setting.

Controls: Annual bluegrass, chickweed, corn spurry, dandelion, groundsel, lamb's-quarters, large crabgrass, mouse-eared chickweed, mustards, plantain, redroot pigweed, round leaved mallow, sheep sorrel, shepherd's-purse, stinkweed, thistle, moss, algae, and lichens.

Use Sites: Around ornamental flowers, mature shrubs and trees; spot treatment in lawns bordering garden areas; bark mulch; around planters, containers, raised beds and other structures holding flowers, trees, shrubs and vegetables; and in planting beds prior to planting grass, flowers or vegetables.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes

- Remove contact lenses, if present, after the first 5 minutes,then continue rinsing eye
- Call a poison control center or doctor for treatment advice

IF INHALED: Move person to fresh air

- If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth, if possible.
- Call poison control center or doctor for further treatment advice

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if inhaled. Avoid contact with eyes or clothing. Avoid breathing vapors. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Do not apply directly to water. To protect the environment, do not allow pesticides to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

WARRANTY:
To the extent consistent with applicable law, seller warrants that this product conforms to the chemical description on this label and is reasonably fit for purposes stated on this label only when used in accordance with directions under normal use conditions. This warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions, or under conditions not reasonably foreseeable to seller. Buyer assumes all risk of any such use. To the extent consistent with applicable law, seller makes no other warranties, either expressed or implied.
