DIRECTIONS FOR USE: Shake Well. Attach bottle to a garden Hose with the volume control level in the off position. Hold container upright, remove safety tab, then twist control lever all the way to on position to treat areas. **TICK CONTROL:** Spray around bushes, under decks, mulch beds, shaded areas as well as wood lined areas and leaf litter. **MOSQUITO CONTROL:** Spray around bushes, under decks, mulch beds, shaded areas as well as lawn areas. Most effective at dawn or dusk when mosquitos are more active. Turn nozzle off between locations to conserve product. Apply every 3-4 weeks for maximum control. Allow 1-2 hours to dry. Remaining product can be stored for future use. **STORAGE AND DISPOSAL:** Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store in cool dry area, inaccessible to children and pets. Protect from heat and freezing. Keep container closed tightly to prevent evaporation. If spillage occurs, dilute with water and flush away. **CONTAINER DISPOSAL:** Do not refill or reuse this container. Offer for recycling if available or dispose of in trash. **PRECAUTIONARY STATEMENT:** Avoid contact with skin, eyes or ingestion. **FIRST AID:** If product contacts skin, thoroughly wash with soap and water. Seek medical attention if irritation persists. If product contacts eyes, flush immediately with plenty of water for 15 minutes and seek medical attention. If product is ingested, give large quantities of water or milk (Never give anything to an unconscious person) and seek immediate medical attention.
