SAFE · NATURAL · HARDWORKING

Aunt Fannie's believes in the pure power of food, which is why food-derived ingredients are an active part of our solutions. We regularly mist, mop and wipe our most sacred places (our homes!) with products that can get on our skin, breathed into our lungs, and even sprayed onto our food, so it's finally time to embark on the next evolution in cleaning and pest! Please join us in our movement toward Healthier Housekeeping!

Years ago, pest remedies were homegrown and an active part of everyday housekeeping. Aunt Fannie's All-Purpose Pest Remedy is an alternative to conventional pesticides and an easy way to keep your home fresh, clean, and free from unwelcome guests. We make our products with the ingredients nature gave us, not for looks, so haziness or cloudiness with our formulations will often occur naturally. Enjoy!

Made with Pure Ingredients

Commercial Grade Power

Non-Staining Formula

Tackles: The most common household pests, including Ants, Roaches, and Spiders

Free From: Dyes, Phenols, Formaldehyde, Neonicotinoids, Pyrethrins, and Petroleum Propellants

Directions: **Shake well.** Use Aunt Fannie's Pest Remedy as part of your normal cleaning routine. To establish a protective barrier, spray around windows, doors and baseboards. Spray on surfaces under sinks, in cabinet corners and behind appliances. Spray directly on pests as necessary.

Storage & Disposal: Store in a cool, dry place. Do not reuse or refill this container. Recycle if available.

Precautionary Statements: Keep out of reach of children. Avoid eye contact. If eye contact occurs, flush eyes well with water. Essential oils can be irritating for skin. If irritation occurs, wash well with soap and water. If irritation persists, contact a physician. Not for use near birds, fish, snakes, or plants.

This product has not been registered by the US Environmental Protection Agency. Aunt Fannie, Inc represents that this product qualifies for exemption from registration under FIFRA 25(b).
