Stop Bugging Me! Lawn & Garden Ready-To-Use Outdoor Pest Control is the pest control solution specifically created for pre- or post-treatment of insect infestations. It is formulated for use by exterminators, grounds keepers, maintenance personal and professional pest control operators. Developed to provide insect control results for residential, commercial and industrial facilities.

Stop Bugging Me! Lawn & Garden Ready-To-Use Outdoor Pest Control is effective for the control of grubs when applied on turf areas experiencing grub infestations that often result in damage to the sod. Product most effective when spray is applied to turf, shrubs, trees and in any area where nuisance insects occur. Stop Bugging Me! Ready-To-Use Lawn & Garden Outdoor Pest Control is safe, effective and non-staining on masonry and coated materials. Allow product to dry after applying before entering treated areas.

DIRECTIONS FOR USE: Shake Well. Apply when listed pests are present. Uniformly apply by holding sprayer 12-24 inches from target area. Spray leaves and new growth thoroughly, including the underside, to kill listed insects that may hide. Apply product until leaves or turf is evenly coated with spray, but not dripping. Delay watering or mowing for 12-24 hours after application. Allow product to dry after application, before entering treated area. Do not spray flowers or flowering plants while bees are present. For use against grubs, to insure that the active ingredients reach sub-soil depths in affected areas, apply a minimum of 1 gallons of product per 500 sq. ft. of surface area.
APPLICATION RATES: Repeat application every 30-60 days or as often as required.
FOR OUTDOOR USE ONLY. Not for use in vegetable gardens.

This product is exempt from registration with the Federal EPA under section 25(b) of FIFRA, and as such, is not registered with the Environmental Protection Agency. EcoClear Products, Inc. represents that this product and its ingredients qualify for exemption from registration under FIFRA.

FIRST AID
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Sip a glass of water if able to swallow. Do NOT induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF INHALED: Move person to fresh air. If not breathing, call 911 or an ambulance, then administer artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.
IF ON SKIN OR CLOTHING: Remove contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

STORAGE & DISPOSAL: Do not contaminate water, food, or feed by storage and disposal.
STORAGE: Store in a cool, dry area.
DISPOSAL: When container is empty, offer for recycling if available or discard in trash.
