# LAWN WEED CONTROL

## Kills 250+ Weeds

**STOP** READ THE ENTIRE LABEL FIRST. OBSERVE ALL PRECAUTIONS AND FOLLOW DIRECTIONS CAREFULLY.

### PRECAUTIONARY STATEMENTS

#### Hazards to Humans and Domestic Animals

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

### FIRST AID

- |                   |   |
|-------------------|---|
| <b>If in Eyes</b> | <ul style="list-style-type: none"> <li>Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>Call a poison control center or doctor for treatment advice.</li> </ul> |
|-------------------|---|

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information on this product, contact the National Pesticide Information Center, 1-800-858-7378, Monday - Friday, 8:00 am to 12:00 pm PST. You may also contact the National Poison Control Center, 1-800-222-1222, day or night, for emergency medical treatment information. FOR CHEMICAL EMERGENCY: Spill, leak, fire, exposure, or accident call CHEMTREC 1-800-424-9300.

### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

### PRECAUTIONS AND RESTRICTIONS

- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow people or pets to enter the treated area until dusts have settled.
- Do not use on turf being grown for sale or other commercial use as sod, or for commercial seed production or for research purposes.

### INSTRUCTIONS

This product is a combination of three proven weed killers—2,4-D, mecoprop-p, and dicamba. This herbicide controls a wide range of lawn weeds, including Dandelion, Chickweed, Knotweed, Plantain, Henbit and Spurge.

### USE PRECAUTIONS

- Do not use on Dichondra, Carpetgrass, Floratam® St. Augustinegrass, Creeping Bentgrass or Turfgrass where desirable clovers are present. Do not apply this product to newly seeded grasses until well established or after the second or third mowing.
- Do not use this product on flowers, vegetables, groundcovers, gardens or landscape plantings including shrubs and trees.
- Do not exceed specified dosage for any area and do not apply this product within the drip line of, or over surface roots of trees, shrubs, and other ornamentals.

Reseeding or overseeding areas may occur three (3) weeks after the application of this product.

Do not use this product on or near desirable plants and avoid spreading granules onto exposed root systems or adventitious shoots (rhizomes) within the drip line of the roots of desirable trees and shrubs, since injury may result.

Do not apply directly to or near water, storm drains, gutters, sewers or drainage ditches. Do not apply within 25 feet of rivers, fishponds, lakes, streams, reservoirs, marshes, estuaries, bays and oceans. Do not apply when windy. Apply this product directly to your lawn, and sweep any product landing on the driveway, sidewalk, gutter, or street back onto the treated area. To prevent product run-off, do not over water the treated area(s) to the point of runoff or apply when raining or when rain is expected that day.

### WHEN TO APPLY

Apply when Broadleaf weeds are actively growing in Spring or early Fall.

Apply when the air is calm to ensure uniform coverage and avoid spreading granules onto flowers, vegetables and ornamental shrubbery. Possible retreatment may be necessary if lawn is heavily overrun by weeds, if adverse low moisture conditions prevail or if weeds are in a state of poor growth.

### HOW MUCH TO APPLY

For use on Kentucky Bluegrass, Fescue spp., Perennial Ryegrass, common Bermudagrass, Bahiagrass, Zoysiagrass, St. Augustinegrass, Centipedegrass, hybrid Bermudagrass, and Colonial Bentgrass. Apply 2.8 pounds of product per 1,000 square feet of turfgrass. A second application may be made in approximately 30 days. The maximum number of broadcast applications per treatment site is 2 per year.

### APPLICATION INSTRUCTIONS

- Mow lawn to normal height 1 to 2 days before application.
- Water lawn thoroughly at least 1 to 2 days before application to sustain moisture until the next watering (see step 5).
- Apply when Broadleaf weeds are young and actively growing, preferably in the morning when dew is on the grass. At the time of application, sprinkle lightly with water before applying product.
- Avoid applying when temperatures are consistently above 90°F.
- Do not wash from weed leaves for 1 to 2 days after application. At this time, a thorough watering should be made.

### SPREADER SETTINGS

#### BROADCAST SPREADER

Scotts® SpeedyGreen™	3.75
Scotts® Basic	3.75
Scotts® Lawn Pro	3.75
Scotts® EdgeGuard® Deluxe	3.75
Scotts® EdgeGuard® Mini	3.75

#### DROP SPREADER

Scotts® Accugreen™	5.75
--------------------	------

### HOW TO APPLY - SPREADERS & CALIBRATION

Always apply with a rotary or drop spreader to distribute the granules evenly. Never apply by hand.

**COVERAGE:** To determine how much you need to apply, multiply the length of your lawn by its width. This equals your total square footage. Deduct all non-lawn areas (house, gardens, etc.). One bag covers up to 5,000 square feet.

**IMPORTANT:** It is important to follow directions as indicated on this quality lawn care product as overapplication may cause injury to your lawn. Spreader settings are approximate. Differences may occur due to condition of spreader, speed at which applied and roughness of area treated. Be sure to check spreader before beginning, adjusting if necessary. Consult Owner's Manual. Never apply by hand.

- For rotary spreaders: Operate at intervals corresponding to the swath width.
- For drop spreaders: Overlap the wheel tracks to ensure complete coverage.
- For best results, apply this product uniformly and avoid streaks, skips or overlaps. Walk at a steady pace to ensure even coverage. Close the spreader opening when turning to change directions or when stopping.

### CALIBRATION INSTRUCTIONS AND SPREADER SETTINGS

Calibrate the spreader according to the manufacturer's directions. Initial spreader settings may require adjustment to deliver the recommended rate under actual application conditions. To provide proper distribution, calibrate spreader before application.

**BROADCAST SPREADERS:** For best results, apply in a circular path starting on the outside and working toward the center overlapping slightly to ensure complete coverage.  
**DROP SPREADERS:** Apply 2 strips along each end. Then apply along length of lawn, overlapping slightly and shutting off the spreader before each turn at edge of border strips.

### WEEDS CONTROLLED

Amaranth, purple	Clover, yellow sweet	Horsenettle	Plantain, blackseed	Strawberry, India mock
Amaranth, slender	Clover, white sweet	Horseweed	Plantain, broadleaf	Tansy ragwort

				Yarrow, yellow

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal. **PESTICIDE STORAGE:** Store in original container and keep any bags containing unused product in a locked storage area inaccessible to children and domestic animals. **PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Nonrefillable container: Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place any unused product down any indoor or outdoor drain.

Keep this product off sidewalks, patios, driveways, etc. This fertilizer may stain concrete and painted surfaces. If it comes in contact with concrete surfaces, sweep off immediately before flushing with water. If concrete is wet when contact occurs, staining may be impossible to prevent. Be careful when using rotary spreaders, which scatter fertilizer between lawn edge and onto concrete.

Do not use on Dichondra, Carpetgrass, 'Floritam' St. Augustinegrass, Creeping Bentgrass or Turfgrass where desirable clovers are present. Do not apply this product to newly seeded grasses until well established or after the second or third mowing. Do not use this product on flowers, vegetables, groundcovers, gardens or landscape plantings including shrubs and trees. Do not exceed specified dosage for any area and do not apply this product within the drip line of, or over surface roots of trees, shrubs, and other ornamentals.

Reseeding or overseeding areas may occur three (3) weeks after the application of this product.

Do not use this product on or near desirable plants and avoid spreading granules onto exposed root systems or adventitious shoots (rhizomes) within the drip line of the roots of desirable trees and shrubs, since injury may result.

Do not apply directly to or near water, storm drains, gutters, sewers or drainage ditches. Do not apply within 25 feet of rivers, fishponds, lakes, streams, reservoirs, marshes, estuaries, bays and oceans. Do not apply when windy. Apply this product directly to your lawn, and sweep any product landing on the driveway, sidewalk, gutter, or street back onto the treated area. To prevent product run-off, do not over water the treated area(s) to the point of runoff or apply when raining or when rain is expected that day.

#### WHEN TO APPLY

Apply when Broadleaf weeds are actively growing in Spring or early Fall.

Apply when the air is calm to ensure uniform coverage and avoid spreading granules onto flowers, vegetables and ornamental shrubbery. Possible retreatment may be necessary if lawn is heavily overrun by weeds, if adverse low moisture conditions prevail or if weeds are in a state of poor growth.

#### HOW MUCH TO APPLY

For use on Kentucky Bluegrass, Fescue spp., Perennial Ryegrass, common Bermudagrass, Bahiagrass, Zoysiagrass, St. Augustinegrass, Centipedegrass, hybrid Bermudagrass, and Colonial Bentgrass. Apply 2.8 pounds of product per 1,000 square feet of turfgrass. A second application may be made in approximately 30 days. The maximum number of broadcast applications per treatment site is 2 per year.

### APPLICATION INSTRUCTIONS

- Mow lawn to normal height 1 to 2 days before application.
- Water lawn thoroughly at least 1 to 2 days before application to sustain moisture until the next watering (see step 5).
- Apply when Broadleaf weeds are young and actively growing, preferably in the morning when dew is on the grass. At the time of application, moisture on the weed leaves from dew, rainfall or irrigation/watering aids in control. If grass is not moist at time of application, sprinkle lightly with water before applying product.
- Avoid applying when temperatures are consistently above 90°F.
- Do not wash from weed leaves for 1 to 2 days after application. At this time, a thorough watering should be made.

Yarrow, western  
Yarrow, yellow

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal. **PESTICIDE STORAGE:** Store in original container and keep any bags containing unused product in a locked storage area inaccessible to children and domestic animals. **PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Nonrefillable container: Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place any unused product down any indoor or outdoor drain.

Keep this product off sidewalks, patios, driveways, etc. This fertilizer may stain concrete and painted surfaces. If it comes in contact with concrete surfaces, sweep off immediately before flushing with water. If concrete is wet when contact occurs, staining may be impossible to prevent. Be careful when using rotary spreaders, which scatter fertilizer beyond lawn edge and onto concrete.

EPA Reg. No. 2217-884-59144

EPA Est. No. 59144-GA-1 (A), 32802-MO-1 (B), 37351-CO-1(C), 8378-IN-1 (D), 9404-FL-1 (E), 961-PA-01 (F), 961-IL-01(G), 35497-OR-1 (H), 49991-TX-2 (Q), 69759-OR-002 (R), 7401-TX-01 (S)  
Letter in parenthesis is first letter of lot number.

When applied as directed, this product meets the guidelines for metals adopted by the Association of American Plant Food Control Officials. Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.htm>

### LIMITED WARRANTY AND DISCLAIMER

**FOR USE ONLY AS DIRECTED. THE MANUFACTURER NEITHER MAKES NOR INTENDS ANY OTHER EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE HEREBY EXPRESSLY DISCLAIMED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, IN NO CASE SHALL THE MANUFACTURER BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, OR SPECIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.** If these terms are not acceptable, return this product unopened immediately to the point of purchase, and the purchase price will be refunded in full. The terms of this Limited Warranty and Disclaimer cannot be varied by any written or verbal statements or agreements at the point of sale or elsewhere.
