DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in manner inconsistent with its labeling.
READ ALL DIRECTIONS COMPLETELY BEFORE USE. HOW TO USE: SHAKE WELL BEFORE USING. 2. HOLD CONTAINER UPRIGHT. 3. APPLY IN SHORT BURSTS. For best results, follow directions for specific use areas. Do not use on animals. Avoid excessively wetting furniture and carpeting. Always test in an inconspicuous area before use since liquid products may adversely affect some natural and synthetic fibers. Avoid contamination of food and feedstuffs. DO NOT CONTAMINATE FOOD AREAS. Do not spray this product in a way that will contact adults, children, or pets, either directly through dimming, misting, birds and cover fish aquariums before applying. Do not apply when there is a breeze. Present. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use. Always use never exposed food and drinking water before application. **OUTDOOR USE:** All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted use. Applications to lawns, lawn, and other vegetation. Do not water the treated area to the point of runoff. Do not make applications during the rain. Do not use on edible crops. Take precautions to avoid spraying when wind conditions could create a mist that may blow back to applicator. Do not apply this product in or around bodies of water. MOSQUITOES, GNATS, Flies, Bling Flies, House Flies, Deer Flies, and other hard biting insects; hold container 18-24 inches from shrubs, bushes, grassy areas, and other areas infested with these pests. Spray with a slow sweeping motion. To reduce annoyance from these pests, treat surfaces of open porches, patio areas, screens, window frames, doors, and other areas where these pests may aggregate or congregate in a similar manner. Allow spray to dry before occupying treated area. WIGGS, HORNETS, and YELLOWJACKETS: Hold container 18-24 inches away from these insects and spray them directly. Do not spray into nests or hives. Only use an EPA registered product designed for use on nests or hives. GARDEN PESTS: NOT FOR USE ON GARDEN PESTS including the following plant contact: Aphids, Caterpillars, Gypsy Moths (adult and larvae), Japanese Beetles, Myleyths, and Stink Bugs. For use on ornamental plants, shrubs, and trees. WEEB SPRAYING: HOLD CAN 24-36 INCHES FROM PLANT. Take precautions when spraying tender or new growth on young plants. First, spray these plants on a low level to ensure plant safety before spraying entire plant. For best results, apply in short bursts and spray in the evening or on a cloudy day when an is still. Lightly mist plants. Use a slow sweeping motion. Avoid excessively wetting plant foliage with spray. Spray plants at the rate of one (1) level for per second. For heavy growth, use both sides of plants. Do not spray when temperature exceeds 90°.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.
ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Do not contaminate surface water through disposal, application, or runoff. Drift and runoff may be hazardous to fish in water adjacent to treated areas. See Directions for Use for additional precautions and requirements. This pesticide is highly toxic to bees exposed to direct treatment or blooming crops or weeds. Do not apply this product to allow it to drift to blooming crops or weeds if there is a breeze. **PHYSICAL OR CHEMICAL HAZARDS:** Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Keep away from children above 130° F maximum heating.

INSTRUCCIONES DE USO

Se considera una violación de la Ley Federal que use este producto con otros fines que los indicados en la etiqueta. **LEE TODAS LAS INSTRUCCIONES POR COMPLETO ANTES DE USAR.** **COMO USAR:** 1. AGITAR BEM LAS ETIQUetas. 2. SISTEMA DE ENVASE EN POSICION VERTICAL. 3. APLICAR EN MANEJAS BREVES. Para obtener los mejores resultados, siga las instrucciones de uso para áreas específicas. No use en animales. Evite hacer contacto excesivamente los muebles y alfombras. Siempre haga una prueba en un lugar poco visible antes de usar, ya que los productos líquidos pueden afectar de manera adversa algunas fibras naturales y sintéticas. Evite contaminar alimentos y forraje. **NO CONTAMINE AGUAS PARA BEBIDAS.** No aplique este producto de manera que entre en contacto con adultos, niños o mascotas, ya sea en forma directa o por efecto de la corriente de aire. Retire las mascotas y los pájaros, y evite el contacto con ellos. No aplique cerca de comederos de animales. Retire o cubra las vajillas, utensilios, equipos de procesamiento de alimentos y superficies de preparación de comida, o lavelas antes de usar. Retire o cubra los alimentos y el agua potable que estén al descubierto antes de la aplicación. **USO EN EXTERIORES:** Todas las aplicaciones en exteriores se deben limitar a tratamientos localizados o goteos o hendiduras, salvo para los siguientes usos permitidos: aplicaciones en césped, grama y otra vegetación. No regue ni el área tratada o el grama que escurea. No aplique cuando está lloviendo. No use en árboles comestibles. Tome precauciones para evitar rociar cuando las condiciones del viento pudieran crear una neblina que sea arrastrada de regreso hacia esta aplicando el producto. No use este producto en o alrededor de cuerpos de agua. **AGUAS CONTAMINADAS:** Evite los insectos, libanos, moscos domésticos, moscas del venado y otros insectos voladores enmarzados: Doméstica es una distancia de 18-24 pulgadas a 450 cm de abejas, abejas pequeñas, avispas con grama y áreas infestadas con estas plagas. Rocíe con un movimiento de barrido lento. Para reducir el efecto de estas plagas, trate las superficies de contacto de las abejas, moscos, avispas y otros insectos donde estas plagas se puedan poner o congregarse de manera similar. Deje que el rocío se seque antes de ocupar el tracto. **AVISOS AUXILIARES:** **AVISOS ALERGENICOS:** Sistema de envase a una distancia de 18-24 (450 a 600 cm) de estos insectos y roedores domésticos. No rocíe los niños o mascotas para su uso, solo use un producto registrado ante la EPA que está diseñado para ello en niños y animales.

PRIMEROS AUXILIOS

SI ENTRA EN CONTACTO CON LA PIEL O LA ROPA: - Quítese la ropa contaminada. - Enjuague la piel o remedio con abundante agua por 15 a 20 minutos. - Lave la ropa antes de volver a usarla. - Consulte al médico para obtener recomendaciones de tratamiento. **SI SE INGERE:** - Llame inmediatamente a un centro de control de enfermedades o al médico. No induzca el vomito, ni muerda sea así individualmente. - Llame al centro de control de enfermedades. No de ningún líquido a la persona. No le de nada por la boca a una persona que ha perdido el conocimiento. - Tengal el envase y la etiqueta del producto con usted cuando llame al centro de control de enfermedades o al médico, o al acudir a recibir tratamiento. Para obtener información sobre plagas, insectos o pesticidas o incidentes relacionados con plaguicidas, llame al 1-800-225-2883.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS COMPLETELY BEFORE USE. HOW TO USE: 1. SHAKE WELL BEFORE USING. 2. HOLD CONTAINER UPRIGHT. 3. APPLY IN SHORT BURSTS. For best results, follow directions for specific use areas. Do not use on animals. Avoid excessively wetting furniture and carpeting. Always test in an inconspicuous area before use since liquid products may adversely affect some natural and synthetic fibers. Avoid contamination of food and feedstuffs. DO NOT CONTAMINATE FOOD AREAS. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Remove pets, birds and cover fish aquariums before spraying. Do not apply when food is present. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use. Remove or cover exposed food and drinking water before application. **OUTDOOR USE:** All outdoor applications must be limited to spot or crack-and crevice-treatments only, except for the following permitted use: Applications to lawns, turf, and other vegetation. Do not water the treated area to the point of runoff. Do not make applications during the rain. Do not use on edible crops. Take precautions to avoid spraying when wind conditions could create a mist that may blow back to applicator. Do not apply this product in or around bodies of water. **MOSQUITOES, GNATS, FLIES, Biting Flies, Horse Flies, House Flies, Deer Flies, and other listed flying insects:** Hold container 18-24 inches from shrubs, bushes, grassy areas, and other areas infested with these pests. Spray with a slow sweeping motion. To reduce annoyance from these pests, treat surfaces of open porches, patio areas, screens, window frames, doors, and other areas where these pests may alight or congregate in a similar manner. Allow spray to dry before occupying treated area. **WASPS, HORNETS, and YELLOWJACKETS:** Hold container 18-24 inches away from these insects and spray them directly. Do not spray into nests or hives. Only use an EPA registered product designed for use on nests and hives. **GARDEN PESTS: NOT FOR USE ON EDIBLE CROPS** Kills the following plant insects on contact: Aphids, Caterpillars, Gypsy Moths (adult and larvae), Japanese Beetles, Mealybugs, Mites, and Stink Bugs. For use on ornamental plants, shrubs, and vines. **WHEN SPRAYING, HOLD CAN 24-36 INCHES FROM PLANT.** Take precautions when spraying tender or new growth on young plants. First, spray these plants on a few leaves to ensure plant safety before spraying entire plant. For best results, apply in short bursts and spray in the evening or on a cloudy day when air is still. Lightly mist plants. Use a slow sweeping motion. Avoid excessively wetting plant foliage with spray. Spray plants at the rate of one (1) linear foot per second. For heavy growth, spray both sides of plants. Do not spray when temperature exceeds 90°F.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal. **Pesticide Storage:** Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food. **Pesticide Disposal and Container Handling:** Do Not Puncture or Incinerate Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

FIRST AID

IF ON SKIN OR CLOTHING: • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-800-225-2883.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Do not contaminate water when disposing of equipment, washwater, or rinsate. Drift and runoff may be hazardous to fish in water adjacent to treated areas. See Directions for Use for additional precautions and requirements. This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging in the treatment area.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

INSTRUCCIONES DE USO

Se considera una violación de la ley federal usar este producto con otros fines que los indicados en la etiqueta. **LEA TODAS LAS INSTRUCCIONES POR COMPLETO ANTES DE USAR. CÓMO USAR:** 1. AGITAR BIEN ANTES DE USAR. 2. SOSTENGA EL ENVASE EN POSICIÓN VERTICAL. 3. APLIQUE EN RÁFAGAS BREVES. Para obtener los mejores resultados, siga las instrucciones de uso para áreas específicas. No lo use en animales. Evite humedecer excesivamente los muebles y alfombras. Siempre haga una prueba en un lugar poco visible antes de usar, ya que los productos líquidos pueden afectar de manera adversa algunas fibras naturales y sintéticas. Evite contaminar alimentos y forraje. **NO CONTAMINE ÁREAS PARA ALIMENTOS.** No aplique este producto de manera que entre en contacto con adultos, niños o mascotas, ya sea en forma directa o por efecto de la corriente de aire. Retire las mascotas y los pájaros, y cubra los acuarios antes de rociar. No aplique cuando haya comida presente. Retire o cubra las vajillas, utensilios, equipos de procesamiento de alimentos y superficies de preparación de comida, o lávelos antes de usarlos. Retire o cubra los alimentos y el agua potable que estén al descubierto antes de la aplicación. **USO EN EXTERIORES:** Todas las aplicaciones en exteriores se deben limitar a tratamientos localizados o en grietas o hendiduras, salvo para los siguientes usos permitidos: aplicaciones en césped, grama y otra vegetación. No riegue el área tratada al grado que oscurea. No aplique cuando esté lloviendo. No use en cultivos comestibles. Tome precauciones para evitar rociar cuando las condiciones del viento pudieran crear una niebla que sea arrastrada de regreso hacia quien está aplicando el producto. No use este producto en o alrededor de cuerpos de agua. **MOSQUITOS, JEJENES, moscas de los establos, tábanos, moscas domésticas, moscas del venado y otros insectos voladores enumerados:** Sostenga el envase a una distancia de 18-24 pulgadas (45 a 60 cm) de arbustos, árboles pequeños, zonas con grama y otras áreas infestadas con estas plagas. Rocíe con un movimiento de barrido lento. Para reducir el efecto de estas plagas, trate las superficies de pórticos abiertos, patios, mosquiteros, marcos de ventanas, puertas y otras áreas donde estas plagas se puedan posar o congregarse de manera similar. Deje que el rocío se seque antes de ocupar el área tratada. **AVISPAS, AVISPONES Y AVISPAS ALFARERAS:** Sostenga el envase a una distancia de 18-24 (45 a 60 cm) de estos insectos y rocíelos directamente. No rocíe los nidos o colmenas; para ello, sólo use un producto registrado ante la EPA que esté diseñado para su uso en nidos y colmenas.

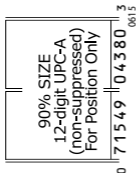

PRIMEROS AUXILIOS

SI ENTRA EN CONTACTO CON LA PIEL O LA ROPA: • Quite la ropa contaminada. • Enjuague la piel de inmediato con abundante agua por 15 a 20 minutos. • Llame a un centro de control de envenenamientos o al médico para obtener recomendaciones de tratamiento. **SI SE INGIERE:** Llame inmediatamente a un centro de control de envenenamientos o al médico. No induzca el vómito, a menos que así se lo indique el médico o el centro de control de envenenamientos. No dé **ningún** líquido a la persona. No le dé nada por la boca a una persona que haya perdido el conocimiento. Tenga el envase o la etiqueta del producto con usted cuando llame al centro de control de envenenamientos o al médico, o al acudir a recibir tratamiento. Para obtener información sobre emergencias médicas o incidentes relacionados con plaguicidas, llame al 1-800-225-2883.
