ORNAMENTAL BULBS

Roundup® Landscape Weed Preventer may be applied for control of susceptible annual weeds in ornamental bulbs listed on the label (crocus, daffodil (narcissus), gladiolus, tulip, etc.). Apply this product prior to, during, or after bulb emergence.

If weeds have already germinated, use a labeled postemergence herbicide to control emerged weeds.

WILDFLOWERS

Roundup® Landscape Weed Preventer may be applied for control of susceptible annual weeds in plantings of wildflowers listed on the label (black-eyed susan, California poppy, coreopsis, oxeye daisy, etc.). This product may be applied to established perennial wildflowers before emergence of weeds or wildflowers. For wildflowers being established from seed, apply this product after wildflowers have emerged but prior to weed germination. **If weeds have already germinated, use a labeled postemergence product to control emerged weeds.** Due to the diversity of species and varieties which exist in areas where wildflowers are grown, the response to this product may vary greatly. Carefully testing on desirable species is recommended to determine if area-wide applications can be made.

WEEDS CONTROLLED OR SUPPRESSED:

Use Roundup® Landscape Weed Preventer for preemergence control of the weed species listed. Applications can be made around and over the top of the ornamentals listed on this label.

GRASS WEEDS

Barnyardgrass • Bluegrass, annual • Crabgrass, large • Crabgrass, smooth • Crowfootgrass • Foxtail, giant • Foxtail, green • Foxtail, yellow • Goosegrass • Itchgrass • Johnsongrass (from seed) • Junglerice • Lovegrass (from seed) • Panicum, browntop • Panicum, fall • Panicum, Texas • Sandbur, field • Signalgrass • Sprangletop, Mexican • Sprangletop, red • Witchgrass • Woolly cupgrass

NOTICE: To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this product not in accordance with directions.

†GUARANTEED RESULTS or your money back. If for any reason you are not satisfied after using this product, simply send us the original proof of purchase and we will refund the purchase price.

For best results with existing weeds in your garden and landscaped beds, use Roundup® Weed & Grass Killer III, EPA Reg. No 71995-33.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes eye irritation. Avoid contact with eyes, skin or clothing. May be harmful if swallowed. Avoid inhalation.

USER SAFETY RECOMMENDATIONS

Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **If inhaled:** Move person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor, or going for treatment.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent runoff to water bodies or drainage systems. In case of spills, either collect for use or dispose of properly.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a dry place for your next application. Product can be used until container is empty.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Si se inhala: Lleve a la persona al aire fresco. Si la persona no respira, llame al 911 o a una ambulancia y luego, de ser posible, dele respiración artificial (boca a boca, preferiblemente). Llame a un centro de control de envenenamientos o a un médico para recibir recomendaciones de tratamiento. Tenga el envase o la etiqueta del producto con usted cuando llame al centro de control de envenenamientos o al médico, o al acudir a recibir tratamiento.

RIESGOS AMBIENTALES

Este pesticida es tóxico para los peces. Los escurrimientos pueden ser peligrosos para los organismos acuáticos de las zonas aledañas a las áreas tratadas. Para proteger el ambiente, no permita que el pesticida entre o se escurra en drenajes pluviales, zanjas de drenaje, cunetas o aguas superficiales. Aplicar este producto en clima tranquilo cuando no haya pronóstico de lluvia en las siguientes 24 horas ayudará a asegurarse de que el viento o la lluvia no soplen o laven el pesticida fuera del área de tratamiento. Barra el producto que caiga sobre la entrada de automóviles, la acera o la calle hacia el área tratada del césped para evitar que se escurra a cuerpos de agua o sistemas de drenaje.

ALMACENAMIENTO Y ELIMINACIÓN

ALMACENAMIENTO DEL PESTICIDA: Guarde el producto en un lugar seco para la próxima aplicación. El producto puede usarse hasta vaciar el envase.

ELIMINACIÓN DEL PESTICIDA Y MANEJO DEL ENVASE: Este envase no se puede rellenar. No vuelva a usar ni llenar este envase. **Si está vacío:** Tirelo a la basura o recíclalo, de ser posible. **Si está parcialmente lleno:** Llame a la agencia local de control de desechos sólidos para solicitar instrucciones sobre cómo eliminarlo. Nunca elimine el producto no utilizado en drenajes internos o externos.
