FLEA + TICK HOME SPRAY FOR CATS

Vet's Best Flea+Tick Home Spray was carefully formulated for cats using a unique blend of Peppermint Oil and Eugenol (from Clove plants) that kills fleas and ticks. Its unique easy-handle trigger-spray has two sprayer settings for both large area coverage and hard-to-reach crevasses. For over 30 years, Vet's Best has blended plant-based ingredients that work together to comfort and protect your pet.

- + Kills Fleas, Flea Eggs & Ticks
- + Repels Mosquitoes
- + Proven Effective Formula
- + Made with Plant Extracts
- + Kills by Contact
- + For Indoor and Outdoor Use
- + Great for Carpets, Blankets & Pet Bedding
- + Pleasant Smell, No Added Fragrance

DIRECTIONS FOR USE: READ ENTIRE LABEL BEFORE EACH USE AND USE ONLY IN ACCORDANCE WITH LABEL INSTRUCTIONS.

For Pet Bedding, Cat Furniture, Pillows, Blankets, Upholstery, Carpet, Rugs and Outdoor Surfaces: This product is designed to be non-staining when used as directed; however, always apply a small amount to an inconspicuous area to test for colorfastness. Shake well. Spray the surface uniformly with a light mist until moist. Avoid soaking. A fine mist is all that is necessary to be effective. Not recommended for use on fine furniture. Can be used around cats and dogs 12 weeks or older.

For Cats 12 Weeks or Older: Apply indoors or outdoors in a well ventilated area. Set the trigger-sprayer to the mist setting (☁). Lightly spray cat's entire coat until damp. Do not saturate. Do not spray in the face, nose, eyes or genitals. Cover the entire coat including the legs, tail and stomach. Massage into the coat until the product reaches the skin. Repeat if needed allowing 2-4 hours between applications.

In order to help reduce the occurrence of fleas and ticks, this product is best used year round and when combined with other Vet's Best® products for pet, home and yard.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

HUMANS: Causes moderate eye irritation. Wash hands thoroughly with soap and water after use. Prolonged or frequent repeated skin contact may cause skin irritation in some individuals. For external use only.

DOMESTIC ANIMALS: Sensitivity may occur after use of any product for pets. Monitor your cat for signs of sensitivity during and after application. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs of sensitivity continue after bathing, consult a veterinarian immediately. Consult a veterinarian before using this product on debilitated, medicated, pregnant or nursing animals. For external use only.

NOT FOR AQUATIC USE.

Storage: Store only in original container in a cool, dry area. **Disposal:** In accordance with all Federal, State and Local regulations. Do not reuse this container.
