PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open, rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a cool, dry area out of reach of children.

CONTAINER HANDLING: Nonrefillable container. **If empty:** Do not reuse or refill this container. Offer for recycling, if available. **If recycling is not available,** place in trash. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

COMBAT^{MAX}

ANT KILLING GEL BAIT

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For indoor and outdoor (adjacent to the home) use:

- 1: Remove the cap and place bait stations by ant trails or close to areas where ants are numerous. See Illustration 1
- 2: Activate the bait station by placing station on a flat surface and by pressing the gel capsule firmly downwards. See Illustration 2
- 3: Replace the cap. See Illustration 3
- 4: Replace all bait stations after 1 month of use to keep ants from reappearing.

For indoor use: Place baits near ant trails or where you frequently see ants. Place additional baits anywhere ants may enter your home. **For outdoor use:** Place bait stations every 15-20 feet around the perimeter of your home. Place additional bait stations near cracks or crevices, along sills, or anywhere ants may gain entry indoors.

How Combat^{MAX} Ant Killing Gel Bait Works:

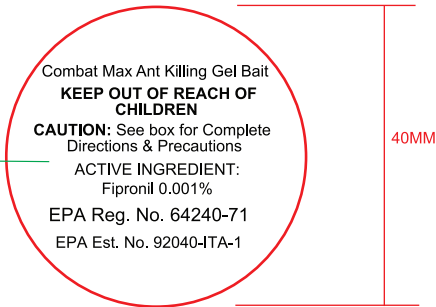

1. Ants enter the bait station and eat the bait
2. Ants take the bait back to the nest
3. Ants pass the bait on to the queen and kill the entire colony
