*Emulsifier allowing oil and water to mix

- Safe, Effective Results from Botanical Oils
- Harvest Same Day
- Indoor & Outdoor Use
- Kills Aphids, Whiteflies, & Mites
- Controls Powdery Mildew, Black Spot, & Rust
- Non-Toxic to People & Pets

GENERAL INFORMATION

Eco-1™ Garden Spray is a blend of botanical oils which provides a broad-spectrum, contact control of fungal diseases, insects, and mites.

- For use on all plants including but not limited to vegetables, fruits, herbs & spices, roses, flowers & ornamentals, houseplants, trees, & shrubs.
- Prevents fungal attack of plant tissues by disrupting the cell wall of spores & hyphae.
- Kills by contact, all stages of soft-bodied insects – eggs, larvae, nymphs, adults.
- Linseed oil is also known as flaxseed oil.
- Can be used throughout the growing season including the same day as harvest.
- Can be used on both indoor & outdoor plants & in home greenhouses.
- Do not apply to wilted or otherwise stressed plants, or to new transplants prior to root establishment.
- Low impact on beneficial insects. Avoid direct contact.

Directions for Use

Shake well before use. Do not dilute. Read entire label and use accordingly.
Spray plant surfaces until wet making applications to upper and lower leaf and stem surfaces. Read entire label and use accordingly.

How to Apply

Thoroughly spray Eco-1 Garden Spray on the upper and lower leaf surfaces, especially new shoots and underside of leaves until wet, avoiding excessive runoff. Repeat applications every 7 - 14 days. Under heavy insect and disease pressure, use the shortest application interval. Under light pressure, the application interval may be extended. Continue applications at regular intervals until insect or disease populations are sufficiently controlled.

This product has not been registered by the U.S. EPA. Arborjet represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), Section 25B.

FOR CONTROL OF INSECTS, MITES & DISEASES

Eco-1 Garden Spray controls a wide range of soft-bodied insects and mites such as aphids, mealybugs, psyllids, scales, thrips, two-spotted spider mites and whiteflies. For best results, apply when conditions favor mites and insects or at the first sign of infestation. Use Eco-1 Garden Spray to prevent and control various fungal diseases such as powdery mildew, black spot, early and late blight, scab, gray mold, rust, brown rots, and leaf spot. For best results, apply when conditions favor disease development or at the first sign of disease. To prevent rust, leaf spot, and scab, begin applications at the first sign of spring budding. To prevent powdery mildew, apply in midsummer or when disease is first detected.

PLANT SAFETY

Local conditions also can influence plant tolerance and may not match those under which testing has been conducted. Before using Eco-1 Garden Spray, test the product in a small trial to check for flower or leaf burn before using on a large scale. Use caution when applying to newly planted cuttings or plants stressed by drought. Do not apply when temperatures exceed 90° F. Do not spray the blooms directly.

PRECAUTIONARY STATEMENTS

Caution – We recommend good safety practices when using any pesticide, such as avoiding contact with eyes and skin and keeping out of the reach of children. Wear gloves and eye protection when using Eco-1 Garden Spray. May be harmful if swallowed. If product gets in eyes, flush with water. If on skin, wash with soap and water. If irritation persists, contact a physician. This product is not toxic to wildlife and poses minimal risk to fish and aquatic organisms. Avoid direct contact with bodies of water.

STORAGE & DISPOSAL

Turn nozzle to off position. Store container in a cool, dry area. Do not store near heat or open flame. Keep from freezing. Offer for recycling if available or discard in trash.

WARRANTY

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
